Consult the C.M.U. General Education Requirements Transfer Guide and a counselor for additional courses. These additional courses may be chosen to fulfill the MACRAO agreement or work toward partially fulfilling C.M.U.’s University Program requirements.

Students who are interested in obtaining the Associate Degree from M.C.C should contact a counselor regarding requirements.

NOTE:

This is a limited enrollment program. Students should check with the Athletic Training/Sports Medicine advisor for admission requirements at (989) 774-6658. **Due to specific program requirements, it is strongly advised that students transfer after one year. Students should plan on an additional four years to complete the degree in Athletic Training/Sports Medicine after transfer to C.M.U.**

Part of C.M.U.’s General Education Requirements includes three basic competencies which can be satisfied at M.C.C. before transferring to C.M.U. by passing the following courses with a grade of “C” or better: English 101 and 102, Communications 101 or 201 or 210, and Mathematics 50 or above (except Mathematics 105). C.M.U. requires these competencies to be fulfilled within the first 56 credit hours.

English, Reading, Chemistry and Mathematics Placement Tests may be required and are available in Testing Services, located in Room 134 - 777-0394. English and Reading placement tests may be waived if you show documentation of a proficiency level 1 or 2 on the high school MEAP or MME writing and reading tests or if you have an ACT composite score of 22 or greater. The Mathematics placement test may be waived if you show documentation of a score of 28 or above on the ACT Math test.

Students should check the M.C.C. catalog for course prerequisites.

It is recommended that Athletic Training/Sports Medicine majors become familiar with the Physical Education and Sport section in the C.M.U. Bulletin and can be found at <https://bulletins.cmich.edu>.

The information contained in this curriculum guide is accurate as of June 2010 and is subject to change by both institutions.
