The Mathematics placement test may be waived if you show documentation of a score of 28 or above on the ACT Math test.

Students should check the M.C.C. catalog for course prerequisites.

Students desiring an Associate Degree from M.C.C. should consult a counselor.

All recommended courses will transfer and apply towards degree requirements provided grades of "C" (2.0 on a 4.0 scale) or better are earned. It is not required that students complete all recommended courses prior to enrolling at Michigan Tech. There are no minimum or maximum credit restrictions in effect for transfer students. There is a residency requirement of one year for all students. Qualified students will be accepted any time they choose to apply regardless of the number of courses completed provided openings exist in their requested program.

It is recommended that Mathematics majors become familiar with the Mathematics section in the M.T.U. catalog.

The information contained in this curriculum guide is accurate as of April 2011 and is subject to change by both institutions.
