

# Microbiology Open Lab Schedule WINTER 2012

You may use this time to work independently in the microbiology lab or prep room (see schedule of rooms below). The open lab times may not be used to make-up missed lab work unless your instructor has scheduled a specific time to do so. Contact your instructor if you have any questions or concerns.

## During Open Lab:

- If gas is used make sure it is turned off before leaving. For room 247 turn off both at the table and at the main gas valve near the door. For room 251 you will just need to turn it off at the counter.
- Clean all work areas before starting and after finishing your preparations.

**Monday:** 9:00am-2:30pm (room 251).

**Tuesday:** 8:30am-5:00pm (room 251) and 6:35-8:30pm (room 247 and 251); Room 247 may be used if open seats are available (check with instructor).

**Wednesday:** 9:00am-3:00pm (room 251).

**Thursday:** 8:30am-5:00pm (room 251)

**Special arrangement needs to be made ahead of time to attend Thursday evening from 6:35-7:35 pm (room 247).** To have access to the lab at this time, email Scott Kendall (adjunct microbiology instructor) ahead of time (24 hour notice) and he will confirm the time back to you in an email. To email Scott Kendall go to Tools and click on "send instructor an email" and add your specific request for a date and enter the above time.

**Friday:** 8:30am - 2:30pm (room 251).

**NOTE:** Adjunct instructor Debra Brown-Hendrickson is available in room 247 if you have any safety issues.
