MCC ACADEMIC PROGRAMS

Associate in Science and Arts Degree

This degree is for students intending to transfer to a four-year college or university. If you wish to major in a program that requires you to transfer to a four-year college, such as Social Work or Computer Science, the courses you need to take are outlined in the curriculum guides available online at www.muskegoncc.edu or in the Counseling Center, Room 101. These programs are planned to enable students to transfer to bachelor degree-granting colleges and universities with advanced standing. Students graduating from Muskegon Community College with an Associate in Science and Arts Degree are generally admitted to the bachelor degree-granting institutions with junior year standing.

Associate in Applied Science Degree

If you wish to major in an occupational program that requires only two years of study, such as Electronics or Office Systems, the courses you need to take are outlined in this catalog. You will want to pursue the Associate in Applied Science Degree. The Associate in Applied Science Programs (Business, Allied Health, Technology) were designed in conjunction with active advisory committees so that a student may reasonably expect employment upon successful completion of his/her degree work. The Associate in Applied Science Degree may also be used as a transfer degree to a limited number of baccalaureate programs, but A.A.S. degree programs are not specifically designed to transfer to four-year colleges or universities.

Diplomas, Certificates and Professional Development Credits

Certificates are offered in many of the same occupationally-oriented programs as the Associate in Applied Science Degrees but are not as comprehensive in nature. These certificate programs were developed with the assistance of an advisory committee, and students may reasonably expect employment upon completion of these programs. New certificate and professional development programs are continually being developed at Muskegon Community College. Students should check with counselors for information on other certificate and professional development programs which may be available.

IT IS STRONGLY RECOMMENDED THAT STUDENTS SEE A COUNSELOR TO DEVELOP A COURSE PLAN FOR PURPOSES OF TRANSFERRING TO A FOUR-YEAR INSTITUTION OR OBTAINING A TWO-YEAR DEGREE OR CERTIFICATE.

Students returning to Muskegon Community College after an absence of FIVE YEARS OR LONGER will be under the requirements of the CURRENT CATALOG.

ASSOCIATE IN SCIENCE AND ARTS DEGREE PROGRAMS

The College shares the view held by many that an education should prepare a person not only for a career, but also for life. It is primarily through the curriculum of the general education program for the Associate in Science and Arts Degree that the College seeks to help students acquire the knowledge and skills necessary to understand both themselves and the world in which we live. For a complete statement regarding the purposes of general education, please see pages 12 to 15 of this catalog. This degree automatically fulfills the MACRAO AGREEMENT.

***REQUIRED FOUNDATIONAL SKILLS**

The College believes that a successful, meaningful experience in college courses occurs when students enter programs adequately prepared to meet their challenges. Therefore, you must demonstrate a minimum level of achievement, either by successful testing or satisfactory course completion (a grade of “C” or better), in four areas: writing, reading, math and computers. See page 22 for information on testing.

BASED ON TEST RESULTS YOU MAY BE REQUIRED TO COMPLETE:

1. Writing.....English 085, 089, 091, and/or 114
2. Reading Reading 040A or 040C
3. Mathematics Math 050
4. Computers CIS 100 or any other CIS course
(Students are strongly recommended to complete CIS 110 or CIS 120A, or CIS 129.)

*You may test out of each of these requirements.

GENERALEDUCATIONREQUIREMENTS	MINIMUMCREDIT
Communication	
English 101 and 102	6
Science/Math	8

Courses must be taken in more than one academic area and be numbered 100 level or above and include at least one 4-credit hour laboratory course. If Biology 100 is elected, four different one-credit hour modules are needed to satisfy the laboratory course requirement.

- Anthropology 105
- Astronomy 101, 105A (Same course as Physics 105A)
- *Biology 103, 104, 105, 106, 109, 110, 120, 122B, 207
- Biology 200
- *Biology 200L
- Business 105 (Same course as Mathematics 115)
- !!!*Chemistry 109 (Lecture) & 109A (Lab), Chemistry 100 (Lecture) & 100A (Lab), 101 (Lecture) & 101A (Lab), 102 (Lecture) & 102A (Lab), 120 (Lecture) & 120A (Lab), 130 (Lecture) & 130A (Lab), 201E (Lecture) & 201F (Lab), 202F (Lecture) & 202G (Lab)
- {All Chemistry classes must be taken with the accompanying Chemistry lab for laboratory credit.}**

- *Geography 101A, 215
- *Geology 101, 102
- Mathematics 105, 107,109, 111, 112, 115 (Same course as Business 105), 151, 161, 162, 215, 274, 283, 295
- *Physical Science 101A
- *Physics 201, 202, 203, 204
- Physics 105A (Same course as Astronomy 105A)

*These courses will satisfy the laboratory requirement.

!!!Chemistry placement test is required prior to taking Chemistry 101. Contact the Testing Center at 231.777.0394.

The Human Experience

- Aesthetic Values 3**
 - Art 101, 104, 105B, 107, 108, 109, 204B, 205, 207, 208, 209, 211
 - Communication 203 (Same course as English 208)
 - Dance 100, 101, 102, 106, 200, 201, 213, 218
 - English 208 (Same course as Communication 203), 223
 - Music 103 and ALL other Music courses numbered 100 or above
 - Theater 101, 102, 108, 120, 141, 142, 144, 145, 147, 148, 160, 201, 202, 203, 210, 212, 217, 260
- Ethics and Logic 3**
 - Philosophy 101,102, 104, 202, 204, 205
- Social Relationships 3**
 - Economics 101, 102, 130
 - Psychology 102, 201, 202, 203, 205A
 - Sociology 101, 102, 202, 203, 206
 - Women’s Studies 101

Human Cultures

- Western World 3**
 - Art 198, 199, 202
 - English 200, 201, 204, 205, 206, 210,213, 225, 226, 227, 228
 - History 101, 102, 204
 - Humanities 195
 - Music 103
 - Political Science 203
 - Theater 201
- American 3**
 - History 201, 202, 207, 211, 220
 - Political Science 111, 205, 220

International 3
 If the credit hours from American Cultures and Social Relationships total less than 8 credits, the choices are:
 Anthropology 103, 110
 Geography 102C, 105
 Political Science 202, 210, 211
 If the credit hours from American Cultures and Social Relationships total 8 credits or more, then other options are:
 English 207, 211, 218
 French 101, 102, 201, 202
 German 101, 102, 201, 202
 History 210
 Philosophy 203, 210
 Spanish 101, 102, 201, 202

Physical Education 2
 One credit hour from: PEA 101A, 103, 104A, 118, or 201 and one PEA/DNC credit hour of choice.

MINIMUM GENERAL ED. CREDITS 34

Electives

Electives are courses a student chooses, in addition to the other degree requirements, based on the anticipated major and the transfer school the student will be attending. Electives should be chosen carefully, with the advice of a counselor, who will provide a student with a curriculum guide which lists specific courses the four-year school wants students to take at the community college level.

NOTE: Some four-year colleges and universities require a second year proficiency in foreign language. Some graduate school admissions committees prefer candidates with a foreign language background. If you think you might one day seek admission to a graduate program you should consider studying a foreign language at Muskegon Community College.

To meet the College's technology goals, students are strongly recommended to complete CIS 110, 120A, or 129. For student numbers A04000 and above, a maximum of four credit hours of the following will count toward graduation: ENG 085, 089, 091; RDG 040A, 040C, 040E; MATH 035 modules, 036A, 040, 041.

*If you are uncertain about your major, the College recommends that you complete your **General Education Requirements** first. All students, whether majoring in English or engineering, must complete the general education requirements.*

Minimum Electives 28

Minimum Total 62

MACRAO AGREEMENT

MACRAO (Michigan Association of Collegiate Registrars and Admissions Officers) agreement:

Students who complete the general education requirements for the Associate in Science and Arts degree will receive the MACRAO stamp on their transcript which makes transferring to many Michigan colleges and universities easier. Colleges and universities who are a part of this agreement will exempt transfer students from their freshman-level general education requirements if the student has met the general education requirements at Muskegon Community College. The agreement does not cover elective courses. Some colleges and universities have limitations and provisos; all students should consult with a counselor regarding the four-year college of their choice.

In special cases, it may be in the best interest of a student to take courses at Muskegon Community College which result in receiving the MACRAO stamp but do not meet the requirements for the Associate in Science and Arts degree. All students should consult with a counselor.

FOREIGN LANGUAGE

Some four-year colleges and universities require a second-year proficiency in a foreign language. Some graduate school admissions committees prefer candidates with a foreign language background. Students who think they might one day seek admission to a graduate program should consider studying a foreign language at Muskegon Community College.

TRANSFER CURRICULUM GUIDES

Curriculum guides tell you what courses to take at Muskegon Community College before transferring to a senior college. There are curriculum guides available for the most popular majors and transfer schools. For example, if you want to study education and transfer to Grand Valley State University, there is a curriculum guide which tells you which courses Grand Valley State University wants you to take at MCC before transferring. The guides are prepared jointly by our counselors and the admissions offices at the transfer colleges, and are available in the Counseling and Advising Center in room 101, or online at www.muskegoncc.edu under Future or Current Students. It is important to meet with an MCC counselor.

PROGRAMS

CORRECTIONS OFFICER PROFESSIONAL DEVELOPMENT CREDITS

Since October 1, 1987 ALL Michigan State Corrections Officers hired are required to have 15 semester or 23 quarter college credit hours earned through one of the following options:

OPTION I.

Five (5) specific corrections courses as determined by the Michigan Correctional Officer’s Training Council.

OPTION I - M.C.C. CORRECTIONS PROGRAM	CR. HRS.
CJ 250 Introduction to Corrections	3
CJ 251A Legal Issues in Corrections	3
CJ 252A Correctional Institutions/Facilities	3
CJ 257 Client Relations in Corrections	3
CJ 258A Client Growth and Development	3
Total 15	

Students completing Option I will receive an MCC Certificate in Corrections. Please contact the Academic Affairs Office for your certificate.

OPTION II.

Fifteen credits in the following areas: Corrections, Criminal Justice, Guidance and Counseling, Educational Psychology, Family Relations, Psychology, Sociology. Each course must be passed with a minimum “C” grade (2.0 G.P.A.).

OPTION III.

A.S.A. degree in Criminal Justice is recommended. Program should include the five (5) Corrections courses listed in Option I. Each corrections course must be passed with a minimum “C” grade (2.0 G.P.A.).

ALLIED HEALTH PROGRAMS (Degrees, Certificates, & Diplomas)

Admission to the College does not guarantee admission to all programs within the College. Students wishing to enter the Nursing or Respiratory Therapy programs must submit an additional application. These may be obtained in Room 100.

NURSING

- Practical Nurse
- Graduate Nurse with an A.A.S. or A.S.A. Degree

RESPIRATORY THERAPY

- Respiratory Therapist - A.A.S. Degree

Continued on next page.

INDIVIDUAL HEALTH RELATED COURSES

- AH 101 Medical Terminology
- AH 102 Basic Patient Care Skills
- AH 104 Medical Insurance Billing
- AH 105 Introduction to EKG
- AH/ED 251 Health Needs of the Young Child
- ELTR 212 Medical Instrumentation & Measurement
- PHIL 204 Biomedical Ethics
- HE 100A Community First Aid and Safety
- HE 102 Nutrition for Fitness and Sport
- HE 202A Sports Injuries and Prevention
- PEA 101A Fitness, Wellness, and Nutrition

NOTE: See also details on the Office System Education - A.A.S. Medical degree, Medical Clerk certificate, and Medical Voice Transcription Professional Development programs.

NURSING

MISSION: *The Muskegon Community College Nursing Program is a ladder Associate Degree Nursing Program providing a foundation for lifelong Nursing Education. The Muskegon Community College Nursing Program is committed to partnerships with local community healthcare agencies and University partners to meet the intellectual, technical, and professional needs of a 21st century nursing workforce. The Muskegon Community College Nursing Program is committed to supporting student success, encouraging diversity, and stimulating intellectual curiosity, critical thinking, and the professional ethics and accountability necessary for persons to function as professional nurses and effective healthcare employees.*

The Muskegon Community College Nursing Program offers a career ladder-nursing curriculum with three educational tracks. Students who choose to exit from the Program after completion of the first four terms of the curriculum will receive a Practical Nurse Diploma and will be eligible to write the National Council Licensure Examination for Practical Nurses (NCLEX-PN) to practice as a Licensed Practical Nurse (LPN). Students who choose to exit from the Program after completion of the first six terms of the curriculum will receive an Associate in Applied Science (A.A.S.) Degree. The A.A.S. Degree is primarily an occupationally oriented degree. Students who choose to exit from the Program after completion of all seven terms of the curriculum will receive an Associate in Science and Arts (A.S.A.) Degree. The A.S.A. Degree is primarily a transfer degree which enables students to transfer to baccalaureate degree-granting institutions with advanced standing.

Students who receive the A.A.S. or A.S.A. Degree will be eligible to write the National Council Licensure Examination (NCLEX-RN) for licensure to practice as a Registered Nurse (RN). The curriculum in each of the educational tracks includes courses in the natural, behavioral and social sciences, and nursing. The nursing courses provide for concurrent theory presentation and clinical practice. Clinical practice takes place in the three major community hospitals and other selected community health care settings.

Licensed Practical Nurses and other individuals with prior nursing education are afforded the opportunity to enter into the curriculum with advanced placement. Students seeking an Associate Degree in Nursing (ADN) who have previously obtained the LPN or LVN licensure must possess an unencumbered license and current work experience. Obtain additional information in Room 100 or call 231.777.0266.

ADMISSION

General Information

To better enable individuals to validate the course competencies required for admission into the Muskegon Community College Nursing Program, and to enhance their chance for success, the following high school educational preparation is recommended:

Biology	1 unit	Algebra	2 units
Chemistry	1 unit	English	3-4 units
General Math	1 unit	Computer	1/2 unit

Counseling services are available to assist students in career and educational planning. Prospective students are strongly advised to make an appointment in the Counseling office (Room 100, 231.777.0362).

Individuals interested in pursuing admission are advised to make early application as spaces are limited. When applicants complete the entry level requirements they are placed on a ready list and admitted on a first-come, first-served basis.

One hundred (100) spaces will be available for generic admission applicants each year. Students who are notified of admission may defer admission twice without losing their placement on the ready list. However, the student must enter on the third notification or be removed from the ready list and complete a new application. All requirements for coursework will be reactivated including the need to revalidate any coursework over eight years old.

Spaces vacated by generic students exiting from the program upon completion of Level I will be available for NUR 212A advanced placement applicants each Fall and Winter.

Spaces vacated through attrition will be available for applicants eligible for advanced placement into any nursing course. Students must demonstrate continued competency in previously learned nursing courses for readmission.

If the number of ready applicants exceeds the number of spaces available, the applicants with the earliest ready dates will be admitted.

Any applicants remaining, after the spaces available are filled, will be placed on the ready list for the next admission date.

Applicants on the ready list are encouraged to take the required non-nursing courses.

ENTRY APPLICATION REQUIREMENT CHECKLIST -- LEVEL I

Academic prerequisites and requirements for admission to the Nursing Program are outlined below. Program Admission is based on a first come, first served basis; once the requirements have been met, the applicant will be placed on the “Ready List.” **It is the responsibility of each student to notify the Records Office of an address, name, and/or phone number change(s). The College will not be responsible for any incident arising from the student’s failure to update this information.**

Students with questions regarding this checklist should be directed to one of the Counselors in the Counseling and Advising Center, Room 101. Once the **Requirement Checklist** is complete, students should schedule an appointment with an MCC Counselor to review the checklist and receive the Nursing Program Application. To schedule an appointment, call 231.777.0362 or stop in the Counseling and Advising Center in Room 101.

The following items **MUST** be completed to be placed on the “Ready List.” If testing/coursework is over eight years old, competency must be validated on established examinations or by repeating the course.

Applications

- Complete a Muskegon Community College Application with Enrollment Services, Room 100.
- Schedule an appointment with an MCC Counselor, Room 101 or call 231.777.0362, to develop a course plan. You will receive your nursing application from the counselor when you meet the requirements for admission.

Transcript Evaluation

- If you have attended other colleges, request official transcripts be sent from their records office to the MCC Records Office, Attn: Chris Nowak. Transfer credit will be given only for equivalent courses in which a “C” (2.0) or above was achieved.
- Provide proof of high school completion or GED by submitting a copy of official transcript or GED certificate to the Enrollment Services Office, Room 100. (Official transcript of high school diploma/GED is required regardless of college level work.)

Meet Entry Level Competencies:

College Success Skills Competency: Readiness to Succeed

Complete one of the following:

- Complete CSS 100 College Success Seminar, (2 credits) with a “C” (2.0) or above.
- Obtain a waiver from a counselor if at least 30 college credits of 100 level courses or higher have been completed with a “C” (2.0) or above.

Computer Literacy Skills Competency

Complete one of the following:

- Pass the Computer Literacy Test with an 80% or better.
- Complete CIS 100 Introduction to Personal Computers; or CIS 110 Computer Concepts; or CIS120A Introduction to Computer Information Systems with a “C” (2.0) or above.
- Transfer a course in from another college that is equivalent to CIS 100 Introduction to Personal Computers; CIS 110 Computer Concepts; or CIS120A Introduction to Computer Information Systems, with a “C” (2.0) or above.

Math Skills Competency

Complete one of the following:

- Test out of MATH 035 modules A / B / C / D / E / F / G Basic Math Skills on the math placement tests.
- Complete MATH 036A Basic Math and Pre-Algebra, with “C” (2.0) or above.
- Transfer courses in from another college that are equivalent to MATH 036A Basic Math and Pre-Algebra.
- Score 44 or better on the COMPASS Pre-algebra Test AND pass the MATH 035F Metric Test Module F.

Reading Skills Competency

Complete one of the following:

- Score 22 or above on ACT (composite score).
- Score 81 or higher on the COMPASS Reading Test.

Writing Skills Competency

Complete one of the following:

- Score 1 or 2 in both Reading and Writing on MEAP.
- Score 22 or above on ACT (composite score).
- Score 80 or higher on COMPASS Writing Test.
- Complete ENG 091 Introduction to English Composition, or ENG 101 English Composition, with a “C” (2.0) or above.
- Transfer a course in from another college that is equivalent to ENG 091 Introduction to English Composition, or ENG 101 English Composition, with a “C” (2.0) or above.

Maintain Overall GPA of 2.0

- Muskegon Community College cumulative GPA must be at least a “C” (2.0) GPA.

ADVANCED PLACEMENT APPLICATION REQUIREMENT CHECKLIST -- LEVEL II

Academic prerequisites and requirements for admission to the Nursing Program are outlined below. Program Admission is based on a first come, first served basis; once the requirements have been met, the applicant will be placed on the “Advanced Placement Ready List.” It is the responsibility of each student to notify the Records Office of an address, name, and/or phone number change(s). The College will not be responsible for any incident arising from the student’s failure to update this information.

Students with questions regarding this checklist are directed to one of the Nursing Counselors in the Counseling and Advising Center, Room 101. To schedule an appointment, call 231.777.0362 or stop in the Counseling and Advising Center in Room 101.

The following items **MUST** be completed to be placed on the “Advanced Placement Ready List.” If testing/coursework is over eight years old, competency must be validated on established examinations or by repeating the course.

Applications

- Complete a Muskegon Community College Application with Enrollment Services, Room 100.
- Schedule an appointment with an MCC Counselor, Room 101 or call 231.777.0362 to develop a course plan and obtain a Nursing Program Application.

Transcript Evaluation

- If you have attended other colleges, request official transcripts be sent from their records office to the MCC Records Office. Transfer credit will be given only for equivalent courses in which a “C” (2.0) or above was achieved.
- Provide proof of high school completion or GED by submitting a copy of official transcript or GED certificate to the Enrollment Services Office, Room 100. (Official transcript of high school diploma/GED is required regardless of college level work.)

Meet Entry Level Competencies

Please see the Entry Requirement Checklist – Level I for the course enrollment options for the following competencies:

- College Success Skills
- Computer Literacy Skills
- Reading Skills
- Writing Skills
- Math skills

Meet Additional Chemistry Competencies

Complete one of the following:

- Complete 1 year of high school chemistry with a “C” (2.0) or better within the past 8 years.
- Pass the Toledo Chemistry Competency Examination in the MCC Testing Center.
- Complete CHEM 100 and CHEM 100A Fundamentals of Chemistry with a “C” (2.0) or better (prerequisite of MATH 40, Beginning Algebra, and MATH 50, Intermediate Algebra).
- Complete CHEM 109 and CHEM 109A Chemistry for Health Science with a “C” (2.0) or better (prerequisite of MATH 40, Beginning Algebra, and MATH 41, Mathematics for Allied Health Sciences).

Meet All of the Level I General Education Requirements for the Degree with a “C” (2.0) or Above

- BIOL 105 Anatomy and Physiology I or equivalent
- COM 100 Principles of Communication or equivalent
- PEA 101A Fitness Wellness and Nutrition or equivalent
- PSYC 201 General Psychology or equivalent
- ENG 101 English Composition or equivalent and score 81 or higher on the COMPASS Reading Test (see above)
- BIOL 106 Anatomy and Physiology II or equivalent
- PHIL 204 Biomedical Ethics, or equivalent
- PEA/DNC elective

License/Work Experience

Complete one of the following:

- Submit evidence of current unencumbered Michigan LPN license and evidence of a minimum of 6 months full-time (or equivalent) current work experience in the LPN role.
- Satisfactory completion of the Muskegon Community College Practical Nurse Diploma within the previous 12 months.

Maintain Overall GPA of 2.0

- Muskegon Community College cumulative GPA must be at least a “C” (2.0) GPA.

ACCEPTANCE OF COURSE CREDIT

Credits for courses completed at Muskegon Community College or other post-secondary educational institutions will be accepted toward fulfillment of the nursing (PN and AAS) curriculum requirements provided that all of the following criteria are met:

- The courses are deemed equivalent to the courses required in the nursing curriculum.
- The courses were completed with a minimum grade of “C” (2.0).
- The courses were completed within eight years prior to ready date.

Official transcripts from institutions other than Muskegon Community College should be sent to the Records Auditor for credit evaluation (Room 104, 777.0204).

PROGRESSION AND RETENTION

To progress, students in the Muskegon Community College Nursing Program must attain a minimum grade of C (2.0) in each course in each term of the Nursing curriculum. All courses must be completed in sequence. Students failing to meet this progression requirement will be dismissed.

READMISSION

Students may apply for readmission providing they meet all general education and course competency requirements and have not repeated a nursing course more than once. When readmission requirements have been met, the student will be readmitted according to availability of space in the program. Failure to attain a passing grade in a repeated nursing course will render students ineligible for readmission.

GRADUATION

To be eligible for graduation from the nursing program, students must meet all of the following requirements:

1. Complete the nursing curriculum requirements for the diploma/degree with a minimum grade point of “C” (2.0) in each course.
2. Complete not less than 30 hours or the last 15 hours required in the nursing curriculum at Muskegon Community College.
3. File application for a graduation audit in the College Records Office no later than 90 days prior to the end of the term of anticipated graduation.

HEALTH STATUS EVALUATION

Students in the Muskegon Community College Nursing Program are required to have a health status evaluation done prior to beginning the first clinical nursing course. Each newly admitted student will be scheduled for the health status evaluation, including drug screens, TB, immunization status, and latex sensitivity screening. A health status evaluation fee will be assessed upon registration for selected nursing courses. Students are required to maintain health requirements throughout the program.

CRIMINAL BACKGROUND CHECK

Students are required by Michigan law to pass a criminal background check ensuring no felony history for the past 15 years and no history of misdemeanors including domestic violence, abuse, neglect, fraud, theft, or assault and battery within the past 10 years. Any student with a history of substance abuse or criminal conviction related to illegal drugs may be ineligible for nursing licensure. Any student who has not resided in Michigan for at least three or more years preceding application for admission to the Nursing Program is required to obtain an FBI fingerprint check. The student is responsible for the cost of the FBI check.

NURSING PROGRAM APPROVAL

The Muskegon Community College Nursing Program is approved by the Michigan Board of Nursing to provide a program of nursing education leading to the diploma in Practical Nursing and an Associate Degree in Nursing.

		Nursing Career Ladder - Curriculum Design				
		ASSOCIATE IN SCIENCE AND ARTS DEGREE				
Level II (RN)	Term 7 15 weeks	ENG 102	English Composition	3 Cr.	Total 84 Credits (Transfer-Degree)	
			Western World Cultures Group	3 Cr.		
			American Culture Elective	3 Cr.		
			Aesthetic Values Elective	3 Cr.		
		If Chemistry competency is validated by examination, another Science/ mathematics elective is required to fulfill the requirements of the ASA Degree.				
		ASSOCIATE IN APPLIED SCIENCE DEGREE				
Level I (LPN)	Term 6 15 weeks	NUR 222A	Managing the Care of the Family	5 Cr.	Total 72 Credits (43 NUR/29 Non-NUR)	
		NUR 211A	Care of the Family in Psychological Crisis	4 Cr.		
		ANTH 103	Cultural Diversity in Contemporary Society	3 Cr.		
Level I (LPN)	Term 5 15 weeks	NUR 212B	Care of the Family in Physiological Crisis	8 Cr.	Total 37 Credits (26 NUR/11 Non-NUR)	
		BIOL 207	Microbiology Coreq: BIOL 207A Lab (Prereq: BIOL 105)	3 Cr. 1 Cr.		
		PRACTICAL NURSE DIPLOMA				
Level I (LPN)	Term 4 15 weeks	NUR 141B	Care of the Maturing Family	8 Cr.	Total 37 Credits (26 NUR/11 Non-NUR)	
		* PHIL 204	Biomedical Ethics	3 Cr.		
		* PEA/DNC	PE Activity or Dance Elective	1 Cr.		
Level I (LPN)	Term 3 15 weeks	NUR 131B	Care of the Childrearing Family	8 Cr.	Total 37 Credits (26 NUR/11 Non-NUR)	
		* BIOL 106	Anatomy & Physiology II (Prereq: BIOL 105)	4 Cr.		
Level I (LPN)	Term 2 15 weeks	NUR 125	Basic Physical Assessment	1 Cr.	Total 37 Credits (26 NUR/11 Non-NUR)	
		NUR 124A	Care of the Childbearing Family	4 Cr.		
		NUR 123A	Intro. to Nursing Practice	3 Cr.		
		NUR 121	Env. Stressors and Pharmacotherapeutics	1 Cr.		
		* ENG 101	English Composition	3 Cr.		
Level I (LPN)	Term 1 15 weeks	NUR 100	Overview of the Nursing Profession	1 Cr.	Total 37 Credits (26 NUR/11 Non-NUR)	
		AH 111	Env. Stressors and Nutrition	1 Cr.		
		BIOL 105	Anatomy & Physiology I	4 Cr.		
		COM 100	Principles of Communication	1 Cr.		
		PEA 101A	Fitness, Wellness & Nutrition	1 Cr.		
		PSYC 201	General Psychology	4 Cr.		
		ENTRY LEVEL COMPETENCIES				
Entry Level		GRADE 10	Reading Level		PROGRAMS	
		ENG 091	Intro. to English Composition			
		CIS 100	Intro. to Personal Computers			
		CSS 100	College Success Seminar (or waiver)			
		MATH 035 or 036	Basic Mathematics			
		* Validate one year of high school chemistry competency by passing the Toledo Chemistry Placement Test or complete CHEM 100/100A Fundamentals of Chemistry with a minimum grade of a C (2.0) or complete CHEM 109/109A Chemistry for Health Science with a minimum grade of a C (2.0).				
		* Indicates course is optional for individuals exiting upon completion of PN Level; must be completed prior to Term 5 if pursuing AAS or ASA degree.				
		If testing/coursework is over eight years old, competency must be validated on established examinations or by repeating the course.				
		Courses in the Nursing Curriculum indicated by NUR or AH must be completed in sequence beginning with Term 1. Other non-nursing courses may be completed prior to entry into the Nursing sequence. Please see your advisor.				

RESPIRATORY THERAPY

Muskegon Community College currently offers students the Therapist level of instruction. The therapist student, after successfully completing more than two years of instruction, receives the Associate in Applied Science Degree (AAS).

Applicants must show proficiency in the following: Score 1 or 2 in both the Reading and Writing on MEAP or score 22 or above on ACT (composite score) or score 80 on COMPASS writing test or complete ENG 091 Introduction to English Composition, or ENG 101 English Composition with a “C” (2.) or above or transfer a course in from another college that is equivalent to ENG 091 Introduction to English Composition or ENG 101 English Composition with a “C” (2.0) or above. Score 46 or better on the COMPASS Algebra Test or transfer courses from another college that are equivalent to MATH 040 Beginning Algebra or above. Validate one year of high school chemistry competency on the Toledo Chemistry Placement Test (60% or above) or complete CHEM 100 and 100A with a minimum grade of “C” (2.0) or complete CHEM 109 and 109A (or equivalent) with a minimum grade of “C” (2.0). Student must pass a criminal background check.

POTENTIAL RT STUDENTS MUST CONTACT THE RESPIRATORY THERAPY DEPARTMENT, EVEN IF YOU HAVE APPLIED TO THE COLLEGE. (Room 231-1 or call 231.777.0223.)

2 1/2 YEAR PROGRAM -- A.A.S. DEGREE

YEAR 1

Semester 1 (Fall) (Sept. - Dec.) CR. HRS.

AH 102 Basic Patient Care Skills	3
RT 101 Respiratory Therapy Physics	1
BIOL 105 Anatomy & Physiology I L&L	4
MATH 050 Intermediate Algebra OR	
MATH 041 Mathematics for Allied Health	
Sciences	4

Semester 2 (Winter) (Jan. - Feb.)

CHEM 100 Fundamentals of Chemistry L&L	
OR CHEM 109 Chemistry for Health Science	
L&L	5
RT 110 Equipment & Procedures I	3
RT 111 Introduction to Respiratory Therapy ...	3

(Mar. - Apr.)

PSCI 111 or HIST 201 or HIST 202**see below ..	3-4

Semester 7 (Fall) (Sept. - Dec.)

RT 222A Clinical Rotation VII	3
RT 230B Pulmonary Diagnostics	
& Rehabilitation	2
RT 240 Health Care Environment	1
BIOL 207 Microbiology L&L	4
ENG 101 English Composition	3
TOTAL	100-101

* PEA/DNC—one credit hour from PEA 101A, 103, 104A, 118 or 201 required, and one PEA/DNC credit hour of choice.

**PSCI111 Intro to Government (4 cr.) or HIST 201 US to 1877 (3 cr.) or HIST 202 US from Reconstruction to Present (3 cr.).

NOTE: AH 101 Medical Terminology is not required, but is highly recommended prior to entry into the Respiratory Therapy Program.

Respiratory Care

Respiratory Therapists work as part of the health care team in hospitals, cardiopulmonary diagnostic laboratories, rehabilitation centers, home care agencies. They work with physicians and other health professionals in health care planning, evaluation, and treatment of patients with cardiac and pulmonary disorders.

As clinicians they perform therapeutic and life support procedures including the administration of oxygen and aerosolized medications, breathing treatments, chest physical therapy and mechanical ventilator support. In addition, they perform diagnostic tests that assess cardiac and lung function and operate physiologic monitoring equipment and life support systems in the critical care setting.

The Respiratory Care Program is a 28 month associate degree program which began January, 1980. It is fully accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP). The curriculum design offers the student the Associate in Applied Science Degree (AAS). The AAS Degree is an occupationally oriented degree. By taking additional coursework, the student may obtain an ASA Degree. The ASA Degree is a transfer degree which enables students to transfer to baccalaureate degree-granting institutions with advanced standing. Students who receive the AAS or ASA Degree will be eligible to write the National Board for Respiratory Care Entry-Level CRT Examination for licensure to practice as a Certified Respiratory Therapist (CRT). Upon successful completion of the CRT examination, the graduate will be eligible to write the National Board for Respiratory Care Advanced Practitioner Examination to practice as a Registered Respiratory Therapist (RRT).

The curriculum for the program includes courses in the natural, behavioral, and social sciences, as well as respiratory care. Didactic and clinical instruction is integrated in a planned process that allows for concurrent presentation of respiratory care theory with associated clinical practice. For local students clinical practice takes place in most of the hospitals in the Western Michigan including the Grand Rapids hospitals.

Additionally, in response to the need for health professionals in Northern Michigan, the respiratory care program is providing distance education through a collaborative effort with Munson Medical Center and Northwestern Michigan College. Each member is responsible for providing a piece of the distance learning component; Muskegon Community College is the degree granting institution and provides the professional courses for the program – Munson Medical Center provides the “hands-on” clinical education required by the students and Northwestern Michigan College provides the non professional degree requirements.

ADMISSION

General Information

To better enable individuals to validate the course competencies required for admission into the Muskegon Community College Respiratory Care Program, and to enhance their chance for success, the following high school educational preparation is recommended:

- Biology: 1 unit
- Chemistry: 1 unit
- General Math: 1 unit
- Algebra: 2 units
- English: 3-4 units

Counseling services are available to assist students in career and educational planning (Room 101, or call 231.777.0362). Prospective students are strongly advised to make an appointment with the Respiratory Therapy Department (Room 231-1, or call 231.777.0223).

Individuals interested in pursuing admission are advised to make early application as spaces are limited. Thirty (30) spaces will be available for generic admission applicants each year. When applicants complete the entry level requirements they are placed on a ready list and admitted on a first-come, first-served basis. If the number of ready applicants exceeds the number of spaces available, the applicants with the earliest ready dates will be admitted. Any applicants remaining, after the available spaces are filled, will be placed on the ready list for the next admission date.

Students who are notified of admission may defer admission twice without losing their placement on the ready list. However, the student must enter on the third notification or be removed from the ready list and complete a new application.

Spaces vacated through attrition will be available for applicants eligible for advanced placement into any respiratory care course. Students must demonstrate continued competency in previously learned respiratory care courses for readmission.

Applicants on the ready list are encouraged to take the required non-respiratory therapy courses.

ENTRY LEVEL REQUIREMENTS

- Submit a completed Muskegon Community College Admission Application. (Room 100, or call 231.777.0363).
- Submit a completed Muskegon Community College Respiratory Care Program Admission Application. (Room 231-1 or call 231.777.0223).
- Submit official evidence of high school graduation or successful completion of the General Education Development (GED) tests. (Room 100, or call 231.777.0363).
- Score 1 or 2 in both the Reading and Writing on MEAP or score 22 or above on ACT (composite score) or score 80 on COMPASS Writing Test* or complete ENG 091 Introduction to English Composition, or ENG 101 English Composition, with a “C” (2.0) or above or transfer a course in from another college that is equivalent to ENG 091 Introduction to English Composition, or ENG 101 English Composition, with a “C” (2.0) or above.
- Score 46 or better on the COMPASS Algebra Test* or transfer courses in from another college that are equivalent to MATH 040 Beginning Algebra, or above.
- Validate one year of high school chemistry competency on the Toledo Chemistry Placement Test (score 60% or above)* or complete CHEM 100 Lecture & Lab (or equivalent) with a minimum grade of “C” (2.0) or complete CHEM 109 Lecture & Lab (or equivalent) with a minimum grade of “C” (2.0).
- **NOTE:** AH 101 Medical Terminology is not required, but is highly recommended prior to entry into the respiratory therapy program.
- Maintain a minimum cumulative grade point average of “C” (2.0) or better.

*Testing Center, Room 134, 231.777.0394.

ADVANCED PLACEMENT APPLICANTS

Applicants with prior post-secondary respiratory education are candidates for advanced placement admission into the Muskegon Community College Respiratory Care Program admission requirements:

- Submit a completed Muskegon Community College Admission Application, (Room 100, or call 231.777.0363)
- Submit a completed Muskegon Community College Respiratory Care Program Admission Application. (Room 231-1 or call 231.777.0223)
- Meet with the Director of Respiratory Care (Room 231-1 or call 231.777.0223).
- Meet all of the generic admission entry level requirements
- Submit official evidence of prior post-secondary respiratory care education
- Validate competency in the required respiratory care and non-respiratory care courses, up to point of placement, on established competency examinations

ACCEPTANCE OF COURSE CREDIT

Credits for courses completed at Muskegon Community College or other post-secondary educational institutions will be accepted toward fulfillment of the respiratory care curriculum requirements provided that all of the following criteria are met:

- The courses are deemed equivalent to the courses required in the respiratory care curriculum.
- The courses were completed with a minimum grade of “C” (2.0).

Official transcripts from institutions other than Muskegon Community College should be sent to the Records Auditor for credit evaluation (Room 104, or call 231.777.0204).

PROGRESSION AND RETENTION

To progress, students in the Muskegon Community College Respiratory Care Program must attain a minimum grade of “C” (2.0) in each science and respiratory care course in each Semester of the respiratory care curriculum. Students failing to meet this requirement will be dismissed. Students are strongly advised to complete all non-RT courses during, or prior to, the semester required. Failure to do so could extend the student’s expected completion date.

READMISSION

Students may apply for readmission providing they meet all general education and course competency requirements and have not repeated a respiratory care course more than once. When readmission requirements have been met, the student will be readmitted according to availability of space in the program. Failure to attain a passing grade in a repeated respiratory care course will render students ineligible for readmission.

Continued on next page.

GRADUATION

To be eligible for graduation from the respiratory care program, students must meet all of the following requirements:

1. Complete the respiratory care curriculum requirements for the degree with a minimum grade point of “C” (2.0).
2. Complete not less than the last 15 credit hours required in the respiratory care curriculum at Muskegon Community College.
3. File application for a graduation audit in the College Records Office no later than 90 days prior to the end of the term of anticipated graduation.

HEALTH STATUS EVALUATION

Students in the Muskegon Community College Respiratory Care Program are required to have a health status evaluation done prior to beginning the first clinical respiratory care course. Each newly admitted student will be scheduled for the health status evaluation, including drug screens, TB, immunization status, and latex sensitivity screening. A health status evaluation fee will be assessed upon registration for selected respiratory courses. Students are required to maintain health requirements throughout the program.

CRIMINAL BACKGROUND CHECK

Students are required by Michigan law to pass a criminal background check ensuring no felony history for the past 15 years and no history of misdemeanors including domestic violence, abuse, neglect, fraud, theft, or assault and battery within the past 10 years. Any student with a history of substance abuse or criminal conviction related to illegal drugs may be ineligible for respiratory care licensure. Any student who has not resided in Michigan for at least three or more years preceding application for admission to the Respiratory Care Program is required to obtain an FBI fingerprint check. The student is responsible for the cost of the FBI check.

BUSINESS PROGRAMS (Degrees, Certificates, & Professional Development Credits)

(Degrees and Certificates — Including Accounting, Management, Marketing, Real Estate, Office Systems Education, Criminal Justice, and Computer Information Systems)

ACCOUNTING/OFFICE MANAGEMENT – A.A.S.

The following program is for the A.A.S. Degree student. It is not designed for students wishing to transfer to a four-year institution. Any student desiring to pursue a transfer program in business should consult a counselor.

GENERAL EDUCATION REQUIREMENTS (20-22 CR. HRS.)	CR.HRS.
BCOM 101 Business and Technical Communications	3
BCOM 102 Advanced Business and Technical Communications	3
MATH 109 College Algebra with Applications OR	
MATH 111 Algebra with Coordinate Geometry	3-4
BUS 127 Human Relations OR COM 101 Oral Communications	3

CIS 110 Computer Concepts OR CIS 120A Introduction to Computer Information Systems	3
Select one course from the following: GEOG 102C Cultural Geography, PHIL 205 Business Ethics, PSCI 111 Introduction to American Government, PSCI 211 Comparative Governments, PSYC 201 General Psychology, or PSYC 102 Applied Psychology	3-4
PEA/DNC Physical Education and/or Dance (Required: One credit hour from: PEA 101A, PEA 103, PEA 104A, PEA 118, or PEA 201 and one PEA/DNC credit hour of choice)	2

BUSINESS CORE REQUIREMENTS (10 CR. HRS.)

BUS 101 Principles of Accounting I	4
BUS 121 Introduction to Business	3
BUS 200 International Business	3

CAREER PROGRAM REQUIREMENTS (26 CR. HRS.)

BUS 102 Principles of Accounting II	4
BUS 123 Business Law I	3
CIS 101 Introduction to Electronic Spreadsheets	1
CIS 102 Intermediate Electronic Spreadsheets	1
CIS 193A Introduction to Operating Systems OR CIS 100 Introduction to Personal Computers	1
BUS 180C Introduction to Word Processing Part I	4
ECON 101 Principles of Economics	4
*BUS 103 Payroll Accounting & Business Taxes	3
*BUS 182C Office Procedures II – Document Production	2
*BUS 280C Word Processing Part II	3

RECOMMENDED ELECTIVES (4-6)

BUS 281C Office Procedures III - Desktop Publishing	3
BUS 273A Human Resource Management.....	3
BUS 290CI Cooperative Internship Program.....	3

Minimum Total 62

*Students must obtain a grade of “C” or better in each of these three classes.

MANAGEMENT – A.A.S.

The following program is for the A.A.S. Degree student. It is not designed for the student wishing to transfer to a four-year institution. Any student desiring to pursue a transfer program in business should consult with a counselor.

The Management Program is a two-year curriculum focusing on Management Development and Supervision. The program is designed to develop knowledge, attitudes, experience, and leadership skills, which will enable both men and women to function in positions as supervisors or managers in business and industry.

GENERAL EDUCATION REQUIREMENTS (20-22 CR. HRS.)	CR. HRS.

MARKETING – A.A.S.

The following program is for the A.A.S. Degree student. It is not designed for the student wishing to transfer to a four-year institution. Any student desiring to pursue a transfer program in business should consult with a counselor.

The Marketing Program is a two-year curriculum focusing on Marketing Applications and Supervision. The program is designed to develop knowledge, attitudes, experience, and leadership skills, which will enable both men and women to function in positions as supervisors or managers in business and industry.

GENERAL EDUCATION REQUIREMENTS (22 CR. HRS.)	CR. HRS.
BCOM 101 Business and Technical Communications	3
BCOM 102 Advanced Business and Technical Communications	3

ENTREPRENEURSHIP PROGRAM CERTIFICATE

The purpose of the Entrepreneurship Program Certificate is to enable students to apply processes, procedures, strategies, and tactics utilized in small-business creations. Students will generate product ideas that will satisfy customer needs, utilize research strategies to determine enterprise and target market viability, implement business start-up activities, and develop a comprehensive business plan for the business opportunity. Students will implement their business plans in a second-year course.

This certificate is part of program leading to the Associate in Applied Science - Marketing Degree.

COMPUTER-RELATED PROGRAMS

COMPUTER APPLICATIONS - A.A.S.

The following program is for A.A.S. Degree students interested in careers which require extensive knowledge of microcomputer operations and personal productivity software. Students receiving an A.A.S. Degree in Computer Applications are expert users of word processing, electronic spreadsheet, and database software that operate on popular microcomputers. They learn to work within local-area networks and can develop new microcomputer-based applications using fourth-generation languages. This degree is not designed for students wishing to transfer to four-year institutions. Transfer-oriented students interested in working with computers should consult with a counselor.

BUSINESS COMPUTER PROGRAMMING - A.A.S.

The following program is for A.A.S. Degree students interested in computer programming business career opportunities. Students receiving an A.A.S. Degree in Computer Programming Business Focus learn to work with a midrange computer environment, which is commonly used by businesses to manage manufacturing, supply, distribution, customer relations, resource planning, and e-commerce internet servers. Students become familiar with at least two programming languages. The Computer Programming A.A.S. degree is not designed for students wishing to transfer to four-year institutions. Transfer-oriented students interested in working with computers should consult with a counselor.

OFFICE SYSTEMS EDUCATION PROGRAMS

(SEE “BUSINESS” FOR COURSE DESCRIPTIONS)

Many of the OSE courses are taught in the self-paced Office Systems Education computer lab (OSE Lab). Instructors using this system recognize that no two students are exactly alike in background, skills, and learning abilities. Students will find that this learning system can be adapted to their own special talents, needs, and objectives. Please note that all prerequisites, as listed in class schedules, must be met prior to enrolling in a Lab course.

This system of individualized instruction combines specialized software and printed materials in a sequence of learning activities. Students PROCEED AT THEIR OWN PACE WITH A DAILY SCHEDULE THAT THEY CREATE within the lab hours of operation and following a weekly schedule of assignments. The following courses are currently taught in the OSE Lab:

- BUS 179 Keyboarding
- BUS 188B Voice Transcription – Legal
- BUS 181C Office Procedures I – Document Formatting
- BUS 188D Voice Transcription – Medical Part I
- BUS 182C Office Procedures II – Document Production
- BUS 188E Voice Transcription – Medical Part II
- BUS 281C Office Procedures III – Desktop Publishing
- BUS 194 Business English Essentials
- BUS 195 Medical Records Management
- BUS 187A Electronic Records Management
- BUS 280C Word Processing Part II
- BUS 185B Electronic Calculator
- BUS 188A1 Voice Transcription – Administrative
- CIS 115WW Introduction to Word Processing
- CIS 119PP Introduction to Presentation Graphics
- CIS 101EW Introduction to Electronic Spreadsheets
- CIS 153AW Introduction to Database Management

OSE Lab students design a schedule that allows them to finish comfortably the course or courses in which they enroll. Students can complete the course assignments in the Lab at any time that the Lab is open during the day or at night. For OSE Lab courses, students have up to 15 weeks in the Fall and Winter and up to 7.5 weeks in the spring to complete their course(s). Keyboarding and Records Management are **always** 7.5-week courses. It is possible to complete OSE Lab courses in less than the 15 weeks (or 7.5 weeks as mentioned above).

Students who enroll in an OSE Lab course should check the MCC class schedule to read about the scheduled date for the OSE Lab student orientation. This student orientation is **required** for all first-time OSE Lab students.

MEDICAL OFFICE MANAGEMENT—A.A.S.

This program is designed for students planning to seek employment in a medical office or similar health care practice of two to six physicians. The curriculum includes general business principles, quality customer service, medical ethics, electronic records management, human resource management, and managed care. The student will develop skills to manage employees, patients, and the business practice in general. A cooperative internship in a medical, dental, or similar health care office is a requirement for the Associates Degree. The program also provides opportunities to upgrade present knowledge and skills or to retrain in the area of medical office management.

⁵Student must obtain a grade of C- or better to advance.

OSE PROFESSIONAL DEVELOPMENT CREDITS

The following programs have been designed to help students update their current skills. Each program includes two or more courses, each one packaged differently to give students options. Students will be awarded a “Statement of Proficiency Award” upon completion of any program. In addition, a notation will be made on the student’s official transcript. Once a student has completed one of the programs, he/she may apply the credits toward a 30-credit hour certificate or a degree. Students must apply for an audit in the Records Office.

Courses must be taken in this sequence unless otherwise noted and all prerequisite courses must be completed. Students will have 18 months to complete courses to receive the award. Students must receive at least a “C-” in each course in order to receive the OSE Professional Development Credit Statement of Proficiency Award. No waivers or transfer classes are accepted.

CHILD DEVELOPMENT ASSOCIATE - A.A.S.

Muskegon Community College currently offers a certificate program in Child Development. The purpose of the program is to enhance the quality of child care by defining, evaluating, and recognizing the competence of child care providers. The C.D.A. student, after successfully completing the program may apply to The Council for Professional Recognition in Washington, D.C. for assessment of the competency standards and earn a CDA Credential.

The Education Department is pleased to announce that students who complete two years of instruction can now receive the Associate in Applied Science Degree (A.A.S.). This level of graduate can function as lead teacher for 3-5 year old children in a center-based preschool.

Students desiring to transfer to a four-year institution should consult with a counselor. This curriculum is not designed as a transfer program.

30 hours minimum working with CIMo, CIS, SXI, AI	
MATH 050 Intermediate Algebra	4
MU 192 Music for the Classroom Teacher	4
SOC 101 Principles of Sociology	3
TH 108 Theater for Children	3
	Total 62

**A valid First Aid and CPR card must be current at the time of graduation for all certificate programs. Approved prior experience may be counted for *some* fieldwork hours. All courses earn college credit.

An individualized Educational Planning Committee (IEPC) programs are:

- Moderate cognitive impairments (CIMO) -- 88 hours
- Severe cognitive impairments (CIS) -- 88 hours
- Severe multiple impairments (SXI) -- 88 hours
- Autistic Impairment (AI) -- 88 hours

The CIS and SXI programs operate year-round, while CIMO and AI are on a regular year calendar.

PROFESSIONAL EDUCATION CERTIFICATES

The national Child Development Associate (C.D.A.) and Muskegon Community College's certificates provide competency-based professional preparation for individuals interested in becoming preschool teachers and paraprofessionals. The national C.D.A. certificates are recognized throughout the country. The preschool center-based program is accepted as alternate teacher certification in teaching 3-5 year old children in non-public school settings. The M.C.C., MI School Age, and Instructional Assistant-Special Education certificates prepare paraprofessional workers competent to work in various grades/classrooms. In an age when single-parent homes are increasing, or where both parents of an increasing number of children are working outside the home, placing children in an enriched and stimulating learning environment with well-trained workers is critical.

Past work experience and former academic coursework may be considered when programs are planned. More than one certificate may be obtained through individually designed programs. A certificate may be obtained as entry into the workforce, or the student may continue with the Associate in Science and Arts Degree or Associate in Applied Science Degree.

Please contact the Education Department office (231.777.0277) for more information concerning these certificate programs, and the Early Childhood Education sequence leading to the A.S.A degree or the A.A.S. degree.

Entry into any certificate program includes:

- Completion of an MCC application for admission
- Completion of a professional certificate program application
- MCC assessments in English, reading, and mathematics
- Interview with the Education Coordinator

In order to earn an Education Certificate, a student must maintain at least a "C" (2.0) grade in every course and have a 2.5 cumulative G.P.A. prior to enrolling for an independent study course.

NOTE: 15 fieldwork hours for every 1 credit hour of course work is required for all students. **To avoid updating coursework, all courses in a certificate must be completed within five years.**

The CIS and SXI programs operate year-round, while CIMO and AI are on a regular year calendar.

The Instructional Assistant-Special Education Certificate is State of Michigan approved. Past work experience and former academic coursework may be considered when programs are planned. More than one certificate may be obtained through individually designed programs. A certificate may be obtained as entry into the workforce, or the student may continue with the Associate in Science and Arts or Associate in Applied Science degrees.

INDUSTRIAL TECHNOLOGY PROGRAMS
(Degrees and Certificates)

STUDENTS MUST WEAR APPROVED SAFETY GLASSES WHERE HAZARDS EXIST. Students should be advised that it could be dangerous to wear contact lenses in any area where fumes from chemicals, solvents, gases, and areas where electrical flash may be present. You should plan to wear prescription eyeglasses if you take classes where these hazards exist.

AUTOMOTIVE TECHNOLOGY - A.A.S. (Two-Year Program)

This curriculum is designed to educate and train personnel to fill the mechanical, technical, and supervisory positions in the automotive industry. Successful completion of the program leads to the degree of Associate in Applied Science. (Students may elect only those courses required to develop a particular skill without enrolling in the entire program of study that leads to a degree.) Students who wish to complete a program in two years are advised to use a sequence of courses recommended by their counselor or by the instructor. If a student wishes to attend college on less than a full-time basis, the program may be extended beyond two years.

GRAPHIC DESIGN - A.A.S. (Two-Year Program)

The Graphic Design curriculum is designed to prepare students for entry into the field of graphic design with a broad background and experience in the creation of a wide variety of media for advertising, displays, sign and computer graphics to fit clients' needs. Though not fine artists, students need to be skilled in drawing and painting. Media creation and distribution is ever changing and so must be the knowledge and skills of the graphic designer. This program is not designed to transfer to a four-year institution. Any student wishing to transfer to a four-year college is urged to consult with an academic advisor. The certificate programs are intended to provide the student with foundation skills to gain immediate employment in the specialty, or continue in the AAS program.

MATERIALS TECHNOLOGY - A.A.S. (Two-Year Program)

Materials Technology is the study of new and modified materials emerging on the technology scene. The activities of the Materials Technologist are directed toward the understanding, testing, development, and applications of materials. These materials include metals, alloys, ceramics, semi-conductors, polymers, and composites. Materials Technology is basic to a wide range of industries, including automotive, electrical, and manufacturing, to name a few.

The mission of the Materials Technologist is to understand the underlying physical and chemical origins of the properties being evaluated. Covering all physical classes of materials, the program investigates the relationship between the structure and properties of materials and then applies the resulting knowledge to issues related to the design, processing, and performance of these materials.

GENERAL EDUCATION REQUIREMENTS (20 CR. HRS.)	CR. HRS.
BCOM 101 & 102 Business and Technical Communications	6
TMAT102 & 201 Technical Math	6
AMT 129 Introduction to Technology	3
BUS 127 Human Relations	3
PEA 101A, PEA 103, PEA 104A, PEA 118 or PEA 201	1
HE 110 Industrial Safety and Workplace Training	1

WELDING TECHNOLOGY - A.A.S. (Two-Year Program)

Welding Technology is a diversified program of skills dealing with the fabrication of metal products from rolled, stamped, forged or cast shapes. The type of metal, position of weldments, and use of structural shapes will be handled in a manner similar to that used in industrial processing. Selection of the proper welding methods, materials and procedures required will provide training in solving realistic problems found in the welding field. Students who wish to complete a program in two years are advised to use a sequence of courses recommended by their counselor or by the instructor. If a student wishes to attend college on less than a full-time basis, the program may be extended beyond two years. Students may wish to complete only the certificate program in welding.

GENERALEDUCATION REQUIREMENTS (20 CR HRS) CR. HRS.

BCOM 101 & 102 Business and Technical Communications	6
TMAT 101, 102, 201 Technical Math (Choose two courses)	6

Total 62-64

STUDENTS MUST WEAR APPROVED SAFETY GLASSES WHERE HAZARDS EXIST. Students should be advised that it could be dangerous to wear contact lenses in any area where fumes from chemicals, solvents, gases, and areas where electrical flash may be present. You should plan to wear prescription eyeglasses if you take classes where these hazards exist.

APPLIED ALTERNATIVE & RENEWABLE ENERGY CERTIFICATE

Muskegon Community College and Grand Valley State University are proud to announce a new and innovative partnership collaboration in the area of alternative and renewable energy systems. Recently, MCC and GVSU together began offering TECH 200 *Applied Alternative and Renewable Energy*, a course designed to introduce the concepts of alternative and renewable energy systems and provide real-world, practical perspectives on alternative energy technologies. The course was the first step toward the development of a new certificate program in Alternative and Renewable Energy, which MCC and GVSU now offer as a continuation of this joint venture. Please note a 2.0 (C) grade is required in each class listed.

INDUSTRIAL MAINTENANCE CERTIFICATE PROGRAM REQUIREMENTS

The Industrial Maintenance Certificate Program was developed in response to requests from local industrial employers. The changing nature of manufacturing processes has contributed to significant advancements in production technology with particular emphasis on quality and continuous improvement, thereby changing the approach to maintenance. This program will enhance maintenance expertise by providing reliable and consistent basic training, as well as performance-tested documentation of acquired skills.

PROGRAMS

Muskegon Community College – University Programs

In addition to the many traditional transfer opportunities available to MCC students, the college also partners with five universities in unique programs allowing occupational students to transfer to a high quality baccalaureate program. In all transfer programs, be sure to see an MCC counselor for details.

Capella University - Computer Information Systems

MCC and Capella University, located in Minneapolis, Minnesota, offer an innovative 2 + 2 online Bachelor's degree in Computer Information Systems. Students possessing an associate degree may complete all of their upper level classes in an online format, offering a convenient, timely method of study.

Ferris State University (www.ferris.edu/ucel)

Ferris State University provides Muskegon area residents access to three bachelor degree programs. The classes for these programs are offered in several formats, including one day a week, weekends, and online:

- **BS Computer Information Systems Management** - prepares you for leadership in all key areas of business and industry.
- **BAS Industrial Technology and Management** - If you have technical education, technical training, or military training in your background and if you are looking for a career move to an administrative role or an advanced technical position, this degree is definitely the one for you.
- **Nursing RN to BSN** - Be prepared to determine your impact on health care - whether you choose to remain in bedside nursing, or move to a management position.

In addition to degree programs offered locally, MCC and Ferris have many articulation plans for smooth transfer into many of the programs offered on the main campus in Big Rapids. For more information, call 231.777.0510 or visit our office in the Stevenson Center for Higher Education on the MCC Campus.

Franklin University (www.alliance.franklin.edu/go/muskegoncc)

Through a unique educational alliance with Muskegon Community College, you have the opportunity to earn a Bachelor of Science degree online from Franklin University in one of 12 majors. The CCA Program's online format provides the flexibility to attend class and complete your coursework without leaving your community. Throughout the completion of your bachelor's degree, Muskegon Community College and Franklin work together to provide all the resources you need to reach your educational goals.

Majors include: Accounting, Applied Management, Business Administration, Computer Science, Digital Communication, Healthcare Management, Human Resources Management, Information Technology, Management, Management Information Sciences, Marketing, and Public Safety Management. Students can also continue their education at the graduate level through Franklin University's 17-month on-line MBA.

Grand Valley State University (www.gvsu.edu/ce)

MCC has partnered with GVSU for many years to develop programs which enable the student to easily transfer into a baccalaureate degree program. We can help you get started by providing assistance with degree planning, credit transfer, and enrollment procedures. For more information, call 231-777-0505 or visit our office in the Stevenson Center for Higher Education on the MCC campus.

In Muskegon we offer:

- Teacher Certification - Elementary Education - Social Sciences emphasis
- Bachelor of Business Administration - Core courses

Northwood University - Management (www.northwood.edu)

A unique 3 + 1 program exists between MCC and Northwood University. Students are able to enroll for three years of classes at MCC before transferring to Northwood's Grand Rapids program for their senior year of study. Northwood University offers a Bachelor of Business Administration degree with an emphasis in Management.

Western Michigan University (www.mu.wmich.edu)

BSE Manufacturing Engineering

This degree is a cooperative partnership between MCC and WMU. All courses are offered in Muskegon and the entire degree can be completed in four years. Foundation and pre-engineering courses are offered by MCC, and manufacturing core classes are offered by WMU. Resident faculty are available for advising.

BS Interdisciplinary Health Services

This degree completion curriculum appeals to two audiences: licensed allied health providers who desire a baccalaureate degree, and people with a non-clinical associate degree who desire a baccalaureate degree to work in a health care setting.

BS Occupational Education Studies

This unique baccalaureate degree provides graduates with a Michigan vocational education endorsement. Admission is limited to those with an applied science associate degree. Some courses are offered only in Kalamazoo.

MCC and WMU Transfer Credit Equivalencies may be found on the web at www.wmich.edu/ce.

Additional Partnerships

Water Resource Management

1 + 1 Program (72 Credits)

The articulated program will allow a student to complete an Associate in Applied Science Degree in Water Resource Management and meet the requirements for water and wastewater licensure in the State of Michigan.

Graduation Requirements include:

- Minimum: 72 credits
- Minimum: 2.0 cumulative GPA

Courses Taken at Muskegon Community College

Professional Truck Driver Training

Nearly three million people work as truck drivers, hauling goods locally and across the country on our nation's highways. Many skills are required to be a professional driver and typically they involve being able to work with many people, staying current on transportation laws, understanding trailer load requirements, having mechanical aptitude, following instructions, and safety procedures. Truck drivers often have long hours on the road, but enjoy good salaries and independence. Job prospects for trained, licensed drivers are expected to remain strong through the next decade.

Training Highlights

Complete vehicle training to prepare you for an entry-level position in the trucking industry, plus a lot more! Designed for individuals with little or no commercial driving experience, Muskegon Community College's Professional Truck Driver Training includes everything you need to receive a Commercial Driver's License.

- You will receive DOT rules, regulations and log books; training to obtain CDL learner's permit and endorsement preparation; and thorough instruction in map reading, trip planning, and yard and road vehicle handling.
- You will receive a certificate after successfully completing the course.
- WorkKeys Career Readiness Certificate
- CPR Training and Certificate
- Basic First Aid Training
- Maintaining Balance - Life on the Road
- Homeland Security Highway Watch Certificate
- You will complete the Michigan Secretary of State administered Class A test.

Complete the course in just five weeks by attending full-time. Part-time evening classes are also available for those who are unable to attend full-time. We work with many trucking companies that will pre-hire students. Most students receive job offers prior to completion of their training.

Entry Requirements

A high school diploma or GED is *not* required. Individuals must be able to read and write the English language, be over 21, be able to meet the Federal Department of Transportation physical requirements and have a valid driver's license at the time of registration. The course trains individuals 18 and over but has limited job placement assistance for individuals under the age of 21.

Additional Items (not part of course fee):

- Copy of Motor Vehicle Report from the Secretary of State's Office (Driver's License Bureau)
- DOT drug screen and physical
- CDL learner's permit
- Class A license plus any endorsements

The following may disqualify you from entering the truck driving workforce:

- A driving record inconsistent with industry standards for entry-level driving positions
- Any substance-related violations on your motor vehicle record in the past three years
- Recent felony convictions or criminal background
- History of drug or alcohol abuse
- Permanent disability or physical limitations

Training is scheduled around holidays and interruptions caused by weather or unforeseen circumstances. For more information, contact CDL Coordinator Chuck Mulder at 231.777.0200, or toll-free at 1.888.503.5151.
