Would you like to put your new hires through a program to get them ready to perform in the manufacturing environment?

Do you have recent hires (past 2-4 years) that have promotional potential, but need a broader understanding of industry?

Are you looking for a new hire that has some manufacturing context?

Participate in a new 96 hour/8 week training designed with your needs in mind

A maximum investment of $1,500 per person will give you two ways to benefit. 1) Train your new employee(s) or 2) connect you to a pool of trained candidates. Participants must have Bronze WorkKeys National Career Readiness attainment to attend.
