Welcome back to those who were off this summer – and welcome to those individuals who are new to the MCC Family.

At the August 19, 2009 meeting of the MCC Board of Trustees passed a policy for a Tobacco Free Environment effective January 1, 2010.

Living tobacco free may be one of the most important things you can do to maintain a healthy lifestyle. According to the American Lung Association, tobacco is the leading cause of preventable death in the world. Research shows that tobacco users have higher health care costs than non-users – smoking alone costs the U.S. nearly $150 billion each year in health care expenses. (Health works).

Kicking a tobacco habit can be hard, but we will be working on a number of programs designed to give you information and support.

Tobacco Free Policy –

The use, distribution or sale of tobacco is prohibited in college buildings, on college premises and in vehicles owned, rented or leased by the college.

The College President or designee will develop and periodically review administrative regulations and procedures necessary to maintain this policy, including provisions for notification, signage, disciplinary consequences, complaint procedures, enforcement and guidelines for temporary policy waivers.

Muskegon Community College will offer and promote programs and services that include practical evidence-based approaches to decrease or stop tobacco use for students and employees.

All college employees are to assist in monitoring and enforcing the above policy.

Watch for more information to come….

On a different note: Someone once said “what goes around – comes around” – Be sure to check out the new Jayhawk Grill in the Student Union.

Have a great start to the semester!

Foil the Flu - Protect those you love with a shot for the Flu

We all have better things to do than huddle in bed for a week with the fever, fatigue, aches, cough, runny nose and sneezing that come with the flu. You can help yourself and your family avoid all that misery by making sure everyone who can has an annual flu vaccination. The vaccine offers the single best protection there is against the seasonal flu, according to Linda Scott, BSN, Director of Private Care for VNS Homecare & Hospice.

Flu Shot Facts to Know:
Vaccination is especially important for people at high risk for serious flu complications and those who live with or take care of such people, including:
- Children age 6 months to 5 years
- People age 50 and older
- Pregnant women
- People with chronic health conditions like asthma, diabetes, or heart or lung disease

However, the flu vaccine is not for everyone. The shot is not approved for infants under 6 months old. People allergic to chicken eggs and those who’ve had a serious reaction to the flu shot in the past should get a doctor’s OK first.

There are two types of flu vaccine: injection and nasal spray. The list of who can use the nasal spray is more limited than for the shot; check with your doctor about what’s right for you.

Once you’ve been vaccinated, it takes about two weeks for the flu-fighting protection to kick in. You’ll need to update that protection each year. Vaccines are developed according to experts’ projections about which flu strains are likely to be common in the coming year.

Stay-well advice:
Besides getting the flu vaccine, improve your likelihood of staying healthy during cold and flu season by:
- Not touching your eyes, nose or mouth
- Washing your hands often
- Avoiding sick people when you can

Welcome New Faculty and Staff 2009-2010

We would like to welcome to the Education Department our new CDA Advisor, Kim Lokers, former CDA candidate now working on her Bachelor Degree. Kim brings with her various training experience and work experience from Pathways of West Michigan, as well as extensive computer data experience.

A big welcome to our new Physics/Engineering/Math instructor David Wiggins.
David was born in Muskegon but spent his childhood in Oklahoma. He moved back to Michigan and completed high school before going on to earn his B.S. in Physics from Michigan Tech, and his M.S. in Physics from Michigan State. He spent two years teaching courses in Physics, Math, and Earth Science at Indian Hills Community College in Iowa, before moving on to Oklahoma City Community College where he taught Physics, Earth Science, and Physical Science for the past three years. He is married to Andrea, and they have a dog, but no children. He says he enjoys watching movies and playing chess and golf. We are happy to have him joining us this fall, and think he will be an excellent addition to the Department of Mathematics & Physical Sciences.

We also have hired new adjunct instructors:
Tom Paniucki-former Superintendent at Orchard View School
Shelley Barton-Early Childhood Specialist and Bilingual Endorsed Instructor
Debra Jones-Master Instructor with a background in Psychology

Lynn Katt-Early Childhood Trainer with a background in Psychology
We say good bye and best wishes to Becky Moleski who is working full time in Grand Haven.

Sarah Swart, Instructional Design Specialist II 231-777-0214 www.muskegoncc.edu ctl/
Welcome Back! The staff of the Center for Teaching and Learning is excited to see you return. I would like to take a few moments to highlight two activities that will happen on a regular schedule throughout the fall semester.

On September 17 at 12:20pm, President Nesbary will spend an hour with faculty in the CTL kicking off our first Brownbag discussion for the year. The series is intended to focus on pedagogical aspects of teaching as well as topics of general interest. These activities will be scheduled on selected Tuesdays and Thursdays during the noon hour. Feel free to bring your lunch - we will provide the beverages. If you have a topic you would like to present in the future, let us know.

Book Discussion are back! In the past we have good response to book reviews and we are hopeful that that trend will continue. On October 1 at 3:30 we will begin our discussion of Matt Miller’s recently published book *The Tyranny of Dead Ideas*. Miller presents these ideas as being dead - *Our kids will earn more than we do* - *Free trade is always good, no matter who gets hurt* - *Employers should be responsible for health coverage* - *Taxes hurt the economy* - *Schools are a local matter* - *Money follows merit.* Copies of the book can be purchased in the bookstore at a reduced price. Let Don Bogema know if you plan to attend. Please have chapters 1-3 read by the first meeting.

Speaking of books, the Center’s library continues to grow as newly catalogued books return to our shelves. You may recall that we have become a branch of MCC’s main library. You may curl up with a good read in the CTL or check out our volumes with your library card.

Searches done online will list CTL books as being in the Faculty collection. You can also search just the CTL’s collection by selecting the library link from the Center for Teaching and Learning web page.

Sarah Jones LIVE, A One-Woman Global Village

Sarah Jones is a Tony Award winning playwright and performer. Her multi-character solo show Bridge & Tunnel was originally produced Off-Broadway by Oscar-winner Meryl Streep and went on to become a critically acclaimed, long-running hit on Broadway.

Educated at Bryn Mawr College and the United Nations International School, Sarah recently returned to her UN School roots by becoming a UNICEF Goodwill Ambassador with the title of first ever Official Spokesperson on Violence Against Children, traveling and performing for audiences from Indonesia to Ethiopia, the Middle East to Japan.

Winner of the 2007 Brendan Gill Prize, Sarah has also received grants and commissions from The Ford Foundation, NYSCA, the W.K. Kellogg Foundation, and others, and theater honors including an Obie Award, a Helen Hayes Award, two Drama Desk nominations, and HBO’s US Comedy Arts Festival’s Best One-Person Show Award, as well as an NYCLU Calloway Award in recognition of Sarah as the first artist in history to sue the Federal Communications Commission for censorship. The lawsuit resulted in reversal of the censorship ruling, which had targeted her hip-hop poem recording, “Your Revolution.”

A regular uncensored guest on public radio programs such as Fresh Air and Studio 360 with Kurt Andersen, Sarah has also made numerous TV appearances on programs including Charlie Rose, The Today Show, CBS Sunday Morning, Live with Regis and Kelly, Now on PBS, and on Sesame Street as ‘Ms. Noodle’ on Elmo’s World.

Most recently, Sarah was invited by First Lady Michelle Obama to perform at The White House in celebration of Women’s History Month. She is currently at work on a commission for Lincoln Center Theater and is developing a television project based on her characters.

NEW “Reflections” Showcase presented by Beta Xi Xi

There is an exciting new event on the horizon!! The Beta Xi Xi Chapter of Phi Theta Kappa is proud to present “Reflections on the Paradox of Affluence: A Muskegon Community College Arts Showcase.” The purpose is to challenge students and faculty of Muskegon Community College to look into the idea of the Paradox of Affluence and reflect their findings through the arts (Visual, Literary, or Performing). The “Reflections” showcase is set to begin on October 26th with the Visual and Literary art on display in the Gerber Lounge. October 27th is the Performing Arts Showcase, beginning at 6:00pm in the Overbrook Theater. The entire showcase concludes on October 30th at 3:00pm with a Recognition Ceremony to recognize participants. During the course of the week, there will be a Penny War to raise money for Habitat for Humanity. We hope you will join us for this exciting event. Information packets and submission applications are available in the Counseling and Advising Center (Room 101) and in the English department office (Room 154). The deadline for submissions is October 5th, so let those creative juices start flowing!!

Muskegon Community College sees THE WORLD!

Here is a new contest for MCC students. You could win a day trip to Chicago!

It’s as easy as 1-2-3!
1. Buy your MCC T-shirt at the bookstore.
2. Have your picture taken outside of West Michigan wearing the T-shirt with a recognizable landmark in the background.
3. Bring the picture and your T-shirt receipt to the MCC Bookstore. They will post your picture in their window and give you a 25% reimbursement on your t-shirt purchase.

The Contest Rules
This contest runs from May 1, 2009 through June 1, 2010. To qualify for a prize and a 25% discount from the MCC Bookstore, participants must bring in the T-shirt receipt and a picture of themselves taken outside of West Michigan wearing the MCC T-Shirt logo. Prizes will be awarded to registered MCC students. Winners will be selected by German students and faculty from MCC’s sister college Kaufmännische Schule Stuttgart Nord, during their visit here in June 2010. For more information contact Kathy Tosa at 231-777-0376.
