Benefits-at-a-glance

This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay. For a complete description of benefits please see the applicable BCBSM certificates and riders, if your group is underwritten. If your group is self-funded, please see any other plan documents your group uses. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

Preauthorization for Specialty Services - Services listed in this BAAG are covered when provided in accordance with Certificate requirements and, when require, are preauthorized or approved by BCBSM except in an emergency

Note: A list of services that require approval **before** they are provided is available online at bcbsm.com/importantinfo. Select **Approving covered services**.

Pricing information for various procedures by in-network providers can be obtained by calling the customer service number listed on the back of your BCBSM ID card and providing the procedure code. Your provider can also provide this information upon request.

Preauthorization for Specialty Pharmaceuticals - BCBSM will pay for FDA-approved specialty pharmaceuticals that meet BCBSM's medical policy criteria for treatment of the condition. The prescribing physician must contact BCBSM to request preauthorization of the drugs. **If preauthorization is not sought, BCBSM will deny the claim and all charges will be the member's responsibility.**

Specialty pharmaceuticals are biotech drugs including high cost infused, injectable, oral and other drugs related to specialty disease categories or other categories. BCBSM determines which specific drugs are payable. This may include medications to treat asthma, rheumatoid arthritis, multiple sclerosis, and many other diseases as well as chemotherapy drugs used in the treatment of cancer, but excludes injectable insulin.

Blue Cross provides administrative claims services only. Your employer or plan sponsor is financially responsible for claims.

This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay/coinsurance. Specialty Pharmaceutical Drugs - The mail order pharmacy for **specialty drugs** is Walgreens Specialty Pharmacy, LLC, an independent company. Specialty prescription drugs (such as Enbrel® and Humira®) are used to treat complex conditions such as rheumatoid arthritis, multiple sclerosis and cancer. These drugs require special handling, administration or monitoring. Walgreens Specialty Pharmacy will handle mail order prescriptions only for specialty drugs while many in-network retail pharmacies will continue to dispense specialty drugs (check with your local pharmacy for availability). Other mail order prescription medications can continue to be sent to Express Scripts. (Express Scripts is an independent company providing pharmacy benefit services for Blues members.) A list of specialty drugs is available on our Web site at bcbsm.com/pharmacy. If you have any questions, please call Walgreens Specialty Pharmacy customer service at 1-866-515-1355.

We will not pay for more than a 30-day supply of a covered prescription drug that BCBSM defines as a "specialty pharmaceutical" whether or not the drug is obtained from a 90-Day Retail Network provider or mail-order provider. We may make exceptions if a member requires more than a 30-day supply. BCBSM reserves the right to limit the quantity of select specialty drugs to no more than a 15-day supply for each fill. Your copay/coinsurance will be reduced by one-half for each fill once applicable deductibles have been met.

Select Controlled Substance Drugs - BCBSM will limit the initial fill of select controlled substances to a 5-day supply. Additional fills for these medications will be limited to no more than a 30-day supply. The controlled substances affected by this prescription drug requirement are available online at bcbsm.com/pharmacy.

Member's responsibility (copays and coinsurance amounts)

Your Simply Blue HSA prescription drug benefits, including mail order drugs, are subject to the same deductible and same annual out-of-pocket maximum required under your Simply Blue HSA medical coverage. Benefits are not payable until you have met the Simply Blue HSA annual deductible. After you have satisfied the deductible you are required to pay applicable prescription drug copays and coinsurance amounts which are subject to your annual out-of-pocket maximums.

Note: The following prescription drug expenses will not apply to your Simply Blue HSA deductible or annual out-of-pocket maximum

- any difference between the Maximum Allowable Cost and BCBSM's approved amount for a covered brand-name drug
- the 20% member liability for covered drugs obtained from an out-of-network pharmacy

Note: If your prescription is filled by any type of in-network pharmacy, and you request the brand-name drug when a generic equivalent is available on the BCBSM MAC list and the prescriber HSA not indicated "Dispensed as Written" (DAW) on the prescription, you must pay the difference in cost between the brand-name drug dispensed and the maximum allowable cost for the generic **plus** the applicable copay/coinsurance.

Note: Needles and syringes have no copay/coinsurance.		

Note: An in-network pharmacy is a Preferred Rx pharmacy in Michigan or an Express Scripts pharmacy outside Michigan. Express Scripts is an independent company providing pharmacy benefit services for Blues members. An out-of-network pharmacy is a pharmacy NOT in the Preferred Rx or Express Scripts networks.

Note: Over-the-counter (OTC) drugs are drugs that do not require a prescription under federal law. They are identified by BCBSM as select prescription drugs. A prescription for the select OTC drug is required from the member's physician. In some cases, over-the-counter drugs may need to be tried before BCBSM will approve use of other drugs.

Features of your prescription drug plan

Drug interchange and generic copay/coinsurance waiver	BCBSM's drug interchange and generic copay/coinsurance waiver programs encourage physicians to prescribe a less-costly generic equivalent. If your physician rewrites your prescription for the recommended generic or OTC alternate drug, you will only have to pay a generic copay/coinsurance. In select cases BCBSM may waive the initial copay/coinsurance after your prescription has been rewritten. BCBSM will notify you if you are eligible for a waiver.
Quantity limits	To stay consistent with FDA approved labeling for drugs, some medications may have quantity limits.
Mandatory preauthorization	A process that requires a physician to obtain approval from BCBSM before select prescription drugs (drugs identified by BCBSM as requiring preauthorization) will be covered. Step Therapy , an initial step in the Prior Authorization process, applies criteria to select drugs to determine if a less costly prescription drug may be used for the same drug therapy. Some over-the-counter medications may be covered under step therapy guidelines. This also applies to mail order drugs. Claims that do not meet Step Therapy criteria require preauthorization. Details about which drugs require preauthorization or step therapy are available online site at bcbsm.com/pharmacy .
Clinical Drug List	A continually updated list of FDA-approved medications that represent each therapeutic class. The drugs on the list are chosen by the BCBSM Pharmacy and Therapeutics Committee for their effectiveness, safety, uniqueness and cost efficiency. The goal of the drug list is to provide members with the greatest therapeutic value at the lowest possible cost.

Network access information

With Blue Dental PPO, members can choose any licensed dentist anywhere. However, they'll save the most money when they choose a dentist who is a member of the Blue Dental PPO network.¹

Blue Dental PPO network- Blue Dental members have unmatched access to PPO dentists through the Blue Dental PPO network, which offers more than 438,000 dentist locations² nationwide. PPO dentists agree to accept our approved amount as full payment for covered services - members pay only their applicable coinsurance and deductible amounts. Members also receive discounts on noncovered services when they use PPO dentists (in states where permitted by law). To find a PPO dentist near you, please visit mibluedentist.com or call **1-888-826-8152**.

¹Blue Dental uses the Dental Network of America (DNoA) Preferred Network for its dental plans.

²A dentist location is any place a member can see a dentist to receive high-quality dental care. For example, one dentist practicing in two offices would be two dentist locations.

Blue Par SelectSM arrangement- Most non-PPO dentists accept our Blue Par Select arrangement, which means they participate with the Blues on a "per claim" basis. Members should ask their dentists if they participate with BCBSM before every treatment. Blue Par Select dentists accept our approved amount as full payment for covered services - members pay only applicable coinsurance and deductibles. To find a dentist who may participate with BCBSM, please visit mibluedentist.com.

Note: Members who go to nonparticipating dentists are responsible for any difference between our approved amount and the dentist's charge.
