PART I INTRODUCTION

A. PURPOSE

Muskegon Community College is seeking and accepting proposals for the Muskegon Community College Ottawa Center Roof Replacement. Muskegon Community College shall select the vendor whose proposal, and oral presentation, if requested, demonstrate the capability to best fulfill the purposed of this RFP in a cost effective manner.

B. BACKGROUND

MCC was founded as Muskegon Junior College in 1926, and has been continually accredited by the Higher Learning Commission of North Central Association since 1929. MCC moved to its current campus location, an Alden B. Dow designed facility that opened to the public in 1967.

In 1995, the Stevenson Center for Higher Education opened, comprising a consortium of Ferris State University, Grand Valley State University, and Western Michigan University, designed to increase access to educational opportunities for Muskegon residents. In 2010 the Outdoor Learning Lab, a focal point of green technology and center for MCC’s new Alternative and Renewable Energy certificate program opened. MCC is currently located on a 111-acre campus in Muskegon, with extension centers in Fremont, Grand Haven, Newaygo and Whitehall.

In 2013, MCC received approval and funding for a construction and renovation project involving four major areas that include: Science, Technology, Engineering, and Math (STEM) Center, MCC Muskegon Downtown Center, Health and Wellness Education Center, and a Creative and Performing Arts Center. According to MCC President, Dr. Dale Nesbary, “Muskegon Community College needs to compete on a national and global level. In addition to meeting crucial student needs, this expansion will also benefit employers and the community at large. It will help attract and retain talented individuals and equip them with the science skills to make them both more effective employees and informed residents, critical to improving the overall health of our communities. Moreover, MCC’s growth from approximately 2,000 in the mid-1960s to approximately 5,000 credit-bearing students has led to the need for additional academic space in the STEM fields.”

There shall be no endorsement or modification of the CGL limiting the scope of coverage for liability assumed under a contract. Coverage shall be endorsed, if necessary to include lost key coverage.
5. **Automobile and Umbrella Liability Insurance.** Provider shall maintain automobile liability and, if necessary, commercial umbrella liability insurance with a limit of not less than $2,000,000 each accident. 7. **Commercial Property Insurance.** Provider may, at its option, purchase business income, extra expense or similar coverage, and in no event shall MCC be liable for any business interruption or other consequential loss sustained by Provider, whether or not it is insured, even if such loss is caused by the negligence of MCC, its elected and appointed officials, employees, students, agents or volunteer. Provider may, at its option, purchase insurance to cover its personal property. In no event shall MCC be liable for any damage to or loss of personal property sustained by Provider, whether or not it is insured, even if such loss is caused by the negligence of MCC, its elected and appointed officials, employees, students, agents and volunteers.

9. **Acceptability of Insurers.** All required insurance shall be purchased from insurers acceptable to MCC. MCC shall have the right to reject insurance from an insurer that it deems unacceptable due to poor financial condition or because it is not operating legally.

10. **No Representation of Coverage Adequacy.** By requiring insurance herein, MCC does not represent that coverage and limits will necessarily be adequate to protect Provider, and such coverage and limits shall not be deemed as a limitation on Provider’s liability under the indemnities granted to MCC in this contract.

11. **Indemnification.** Provider agrees to defend, indemnify and hold MCC, its elected and appointed officials, employees, students, agents and volunteers harmless from any claim, including, but not limited to death, bodily injury, personal injury or property damage, together with reasonable attorneys’ fees and court costs, arising from Provider’s performance under this Agreement, except, however, Provider will not be required to indemnify MCC for claims that arise out of the sole negligence or acts of MCC.

The Provider further agrees to contractually obligate its subcontractors to provide insurance with the insurance coverages and limits of liability required to be provided by the Provider pursuant to the terms and conditions of this Agreement.
13. **Cancellation or Reduction in Coverage.** In the event of a lapse or reduction in the required coverages, the Provider shall cease operations and shall not resume operations until new insurance is in force.
