Hungry? Broke?

The Jayhawk Hub (coming to room 133 in January 2019) supports students facing such obstacles as food scarcity, housing insecurity, and financial hardships. The MCC Care Team works with the students to understand their individual life circumstances in a safe, affirming, private, and friendly environment to provide them with the support necessary to overcome their obstacles. Instead of deciding to drop classes or leave the college altogether, any student facing these issues should visit the Jayhawk HUB.

NATIONAL
U.S. College Students in 2017
30% - Food Insecure
51% - Housing Insecure
