      2. Treasurer and Financial Reports – Trustee Mullally
         - The Board had a question on the Checks Over $10k report regarding a check for $14k for two TV studio cameras from the 2013 bond account. Dr. Nesbary explained that given the plans we have for Creative and Performing Arts, one of the issues we’ve had is the very outdated equipment in our TV studio and part of our plans were to update those facilities. The decision was made to go forward with the equipment purchase, with those funds, to meet this need. The Board’s concern is that they didn’t see this and they would expect to see plans for each phase for how the money is going to be spent.
• The board also asked about CD’s, one that matured and another that is due to mature. Vice President Sturrus explained the plan is to roll those over to short term CDARS. Administration would like to come back with permission for an RFP to look into an investment manager.

• The Board questioned the 103rd Anniversary Gala expense of $1,300 under the President’s Travel and Meeting expense. This is for the Muskegon Museum of Art Annual Gala, an expense that we have had every year for the past several years.

• The deadline for the Finance Director posting has been extended for a few more weeks to gather additional applicants. A selection is expected by June with a July start date.

B. Departmental Updates – President Nesbary
• Mike Alstrom reported the cost savings over the past 28 months from the Board switching to iPads has been $4,298 in printing costs, with an initial investment of $2,793, which was absorbed in the first year. This does not include the additional savings of time and postage.
• $4.1M grant from the state – the grant was for community colleges or career tech centers. Part of the grant for MCC will go to the downtown campus to buy equipment and a portion will go to Newaygo County. Newaygo County recently purchased the old Providence Christian High School building for some of their new programs. MCC has been working with Newaygo on a new agriculture program and is partnering with Newaygo County to produce curriculum and offer some new degrees and training. MCC has also met with Nestle Gerber to determine some of their needs, which are some of the same needs as nearby Ice Mountain and Dura. A list of equipment was put together and about $388k of the $4.1M will be put into Newaygo County to help MCC’s extension center to offer different training and programming. Trustee Portenga asked if we are doing anything for East Muskegon County related to agriculture. Vice President Sturrus stated our hope is that Ravenna is close enough to some of the facilities and the students
and community will take advantage of the offerings in Newaygo. Dairy management is also under review, with a huge need in Coopersville.

- Dr. Selmon highlighted the new MCC ID’s that serve as an ID, a copier swipe card, and for building access. ID’s will be made for each of the trustees.
- In addition to the Donor Appreciation Dinner on April 15th, there is an Open House from 3:30 to 8:00 p.m. for the Arts & Humanities Department.
