attend. This is a national institute that provides training on how to work with students by looking at demographics, data, interventions and strategy to increase outcomes. The MCC team is taking the national models that work and applying best practice models here at MCC.

- In the last month two people were hired: 1) Mike Council has joined MCC as a Senior Clerk in the Finance Department; 2) Kevin Kaiser will start at MCC soon as a Graphic Design faculty this Winter semester.

- Brian Goodman, who has been a theater technician for several years, will be retiring at the end of the semester.

- A very successful pancake breakfast for the United Way was held recently. The president and cabinet served pancakes to approximately 100 people. MCC is currently at 90% of goal, with a little over a week to go.

4. Bruce Wierda gave a summary of institutional scholarship recommendations:

- There will be no new 2017-18 Board of Trustee scholarships awarded, although it is a 2-year commitment, with 55 students currently receiving their year one benefits. Bruce estimates 25 will qualify for second year scholarships for the 2017-18 academic year.

- The High School Counselor Scholarships have been awarded for several years in the amount of $200, which will be increased to $400. It is a one-year award for students and will be made unrestricted.

- Academic Performance Based Scholarship – $10,000 of the money from the BOT scholarships will be moved into this scholarship, increasing it from $60,000 to $70,000 for the upcoming year. Looking at MCC’s demographics, the committee decided to move beyond just high school seniors that qualify, opening it up for second year MCC students and also students who transfer back to MCC and this will also be an unrestricted award.

- Two new scholarships have been created: 1) Targeting our adult students, to qualify they fill out the general MCC scholarship application with the general essay, must be 24 years old or older, this could be a first time college student or a returning student who has not attended MCC for at least three years, they have to be enrolled for at least 6 credit hours and must be a degree seeking student; 2) The MCC Outreach Scholarship will target students that live outside Muskegon County, awarding up to $1,000 per year. They must have at least a 2.0 GPA, will be targeted at first time freshman, though not necessarily right out of high school (first time attending any college), with a minimum 6 credit hour enrollment status. The $50,000 previously used for the BOT scholarships is being reallocated to develop these new scholarships.

A. MCCA Report – Trustee Oakes
B. Foundation Update – Vice-Chair Osborn

Vice Chair Osborn reported that the FMCC Board meets tomorrow. A lot is coming up, with lots of money to raise and lots of projects going on. This board has been transitioning for a number of years, and they are really starting to get into a comfort zone with where they are going and what this board is doing. Bylaws will be reviewed to determine if they still fit. There are often questions of how the BOT and FMCC Board mesh. Early next year a joint meeting between both boards will be scheduled to get ideas of how they interact, what they’re hoping to do, looking at how both boards work together, so the Foundation Board has a clear idea of what their role is.
