5. Business Non Operational
   A. MCCA Report – Trustee Crandall stated it was clear in meeting with the Senators, they support our agenda and issues presented and are willing to work with us going forward.
   B. Ken Long reported the Foundation endowed funds are up to nearly $3M ($2.3M at the Community Foundation and FMCC endowed funds of $650k, both with a 14% annual return for 2020). The FMCC created its first ever Annual Report, set to be mailed this week.

6. Old Business
   • Lakeshore Fitness Center
      – Trustee Portenga shared additions to the agreement to address concerns of a contamination clause relieving MCC of any future liability and a phrase for public access to the lakefront to paragraph four, suggesting the buyer could use the shoreline for pure commercial interest, but preserve something for public use. Chris McGuigan shared concern about access from the street because of membership access and waterfront safety. She believes whatever the colleges concerns were when they bought the property, the buyer will take it with those concerns.
      – Trustee Crandall addressed paragraph 5 on easements - when Rotary bought the property from the YMCA, Rotary Park was given easements to use a portion of their parking lot, which MCC honored, and would expect the buyer to do the same.
      – Concerns of the unknown buyer and the agreement not saying how long it will remain open to public use were raised. Chris McGuigan gave Dr. Nesbary permission to share the buyer’s name with trustees, but until the buyer’s Board approves the Offer to Purchase Agreement, Chris does not want the name disclosed. She stated the organization absolutely commits to giving it their best shot to operate it as a fitness center, in addition to operating it as their headquarters and location where their programs are delivered.
Trustee Crandall moved postponing until MCC receives a report from our attorneys and then following up with a special meeting; second.

- Trustee Portenga confirmed MCC would want a Closed Session before February 25, when the buyer’s Board meets, and confirmation MCC is permitted to use the Purchase Agreement language, not naming the organization, for public vote.

- Chis will bring the document that was presented to their board, getting authorization for the Board officers to sign it and remove the contingency that it be authorized by that board. Trustee Portenga wants our legal counsel to confirm this procedure is correct.
