8. Board of Trustees Policy Governance – Chair Osborn
   A. Policy Updates
   B. Future Agenda Items

9. Announcements
   A. Public Comments
   B. Board Comments
     • Trustee Moore reiterated the comment made about the amazing MCC staff. She appreciates the team, they are so professional, and she is always in awe when they are
presenting. She also recognized Dr. Nesbary is leaving us in a very good position. Chair Osborn agreed.

- Trustee Frye welcomed Cindy DeBoef back and thanked Paula Halloran for assisting the Board when Cindy was on leave.

- Trustee Mullally thanked everyone involved with the Strategic Plan and shared a couple concerns:
  
  1) Listed strategy #2-we cannot constitutionally prioritize certain skin colors of students we want to attract or serve. We can devote resources and efforts toward students who are disadvantaged economically, academically or face any number of other social barriers. As a public institution, we have to comply with the Michigan Constitutional mandate to provide equal opportunity and treatment of all protected classes and that includes race. When we start to mention certain ethnicities in certain documents, despite the best of intentions, he believes we are getting on or past “thin ice”.

  2) A similar concern is with #5-we have a constitutional mandate not to use race as a criterion in any aspect of our enrollment or hiring processes. The proper strategy should be to affirm our commitment to being an equal opportunity institution that neither expresses nor acts on any preference regarding the skin color of our employees or students. He believes we need to look at this and reassess.

  Ken James, CDO, added that the spirit is to make sure all pockets matriculate through or have success here and we can tweak the wording to reflect that. As an Equal Opportunity Employer, when any student or employee comes in as a marginalized group, we need to do all we can to insure they are matriculating at the same level as the mainstream population.

  Chair Osborn stated there are things that need to be tweaked before the document is approved. Trustee Crandall added that the Strategic Plan has to be approved by the Board and Trustee Mullally has brought up some concerns. Therefore, it would be prudent to have the Strategic planning committee look at these concerns before bringing it to the Board for final approval.

With no further business, the meeting was adjourned at 2:12 p.m.

Minutes submitted by Secretary Nancy Frye.
