### Benefits-at-a-glance

This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay. For a complete description of benefits please see the applicable BCBSM certificates and riders, if your group is underwritten. If your group is self-funded, please see any other plan documents your group uses. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

**Preauthorization for Specialty Services** - Services listed in this BAAG are covered when provided in accordance with Certificate requirements and, when required, are preauthorized or approved by BCBSM except in an emergency.

**Note:** A list of services that require approval **before** they are provided is available online at [bcbsm.com/importantinfo](http://bcbsm.com/importantinfo). Select **Approving covered services**.

Pricing information for various procedures by in-network providers can be obtained by calling the customer service number listed on the back of your BCBSM ID card and providing the procedure code. Your provider can also provide this information upon request.

**Preauthorization for Specialty Pharmaceuticals** - BCBSM will pay for FDA-approved specialty pharmaceuticals that meet BCBSM's medical policy criteria for treatment of the condition. The prescribing physician must contact BCBSM to request preauthorization of the drugs. **If preauthorization is not sought, BCBSM will deny the claim and all charges will be the member's responsibility.**

Specialty pharmaceuticals are biotech drugs including high cost infused, injectable, oral and other drugs related to specialty disease categories or other categories. BCBSM determines which specific drugs are payable. This may include medications to treat asthma, rheumatoid arthritis, multiple sclerosis, and many other diseases as well as chemotherapy drugs used in the treatment of cancer, but excludes injectable insulin.

Blue Cross provides administrative claims services only. Your employer or plan sponsor is financially responsible for claims.

**Specialty Pharmaceutical Drugs** - The mail order pharmacy for **specialty drugs** is AllianceRx Walgreens Prime, an independent company. Specialty prescription drugs (such as Enbrel® and Humira®) are used to treat complex conditions such as rheumatoid arthritis, multiple sclerosis and cancer. These drugs require special handling, administration or monitoring. AllianceRx Walgreens Prime will handle mail order prescriptions only for specialty drugs while many in-network retail pharmacies will continue to dispense specialty drugs (check with your local pharmacy for availability). Other mail order prescription medications can continue to be sent to the OptumRx home delivery pharmacy. (OptumRx is an independent company providing pharmacy benefit services for Blues members.) A list of specialty drugs is available on our Web site at [bcbsm.com/pharmacy](http://bcbsm.com/pharmacy). If you have any questions, please call AllianceRx Walgreens Prime customer service at 1-866-515-1355.

We will not pay for more than a 30-day supply of a covered prescription drug that BCBSM defines as a "specialty pharmaceutical" whether or not the drug is obtained from a 90-Day Retail Network provider or mail-order provider. We may make exceptions if a member requires more than a 30-day supply. BCBSM reserves the right to limit the quantity of select specialty drugs to no more than a 15-day supply for each fill. Your copay/coinsurance will be reduced by one-half for each fill once applicable deductibles have been met.

Select Controlled Substance Drugs - BCBSM will limit the initial fill of select controlled substances to a 5-day supply. Additional fills for these medications will be limited to no more than a 30-day supply. The controlled substances affected by this prescription drug requirement are available online at [bcbsm.com/pharmacy](http://bcbsm.com/pharmacy).

## Features of your prescription drug plan

Custom Drug List	<p>A continually updated list of FDA-approved medications that represent each therapeutic class. The drugs on the list are chosen by the BCBSM Pharmacy and Therapeutics Committee for their effectiveness, safety, uniqueness and cost efficiency. The goal of the drug list is to provide members with the greatest therapeutic value at the lowest possible cost.</p> <ul style="list-style-type: none"> <li>• <b>Tier 1 (generic)</b> - Tier 1 includes generic drugs made with the same active ingredients, available in the same strengths and dosage forms, and administered in the same way as equivalent brand-name drugs. They also require the lowest copay/coinsurance, making them the most cost-effective option for the treatment.</li> <li>• <b>Tier 2 (preferred brand)</b> - Tier 2 includes brand-name drugs from the Custom Drug List. Preferred brand name drugs are also safe and effective, but require a higher copay/coinsurance.</li> <li>• <b>Tier 3 (nonpreferred brand)</b> - Tier 3 contains brand-name drugs not included in Tier 2. These drugs may not have a proven record for safety or as high of a clinical value as Tier 1 or Tier 2 drugs. Members pay the highest copay/coinsurance for these drugs.</li> <li>• <b>Tier 4 (generic and preferred brand-name specialty)</b> - Tier 4 includes covered specialty drugs listed as generic drugs (Tier 1) or preferred brand-name drugs (Tier 2) from the Custom Drug List. These drugs have a proven record for safety and effectiveness, and offer the best value to our members. They have the lowest specialty drug copay/coinsurance.</li> <li>• <b>Tier 5 (nonpreferred brand-name specialty)</b> - Tier 5 includes covered specialty drugs listed as nonpreferred brand name (Tier 3). These drugs may not have a proven record for safety or their clinical value may not be as high as the specialty drugs in Tier 4. They have the highest specialty drug copay/coinsurance.</li> </ul>
Prior authorization/step therapy	<p>A process that requires a physician to obtain approval from BCBSM <b>before</b> select prescription drugs (drugs identified by BCBSM as requiring preauthorization) will be covered. <b>Step Therapy</b>, an initial step in the "Prior Authorization" process, applies criteria to select drugs to determine if a less costly prescription drug may be used for the same drug therapy. Some over-the-counter medications may be covered under step therapy guidelines. This also applies to mail order drugs. Claims that do not meet Step Therapy criteria require preauthorization. Details about which drugs require preauthorization or step therapy are available online site at <a href="http://bcbsm.com/pharmacy">bcbsm.com/pharmacy</a>.</p>
Mandatory maximum allowable cost drugs	<p>If your prescription is filled by any type of network pharmacy, and the pharmacist fills it with a brand-name drug for which a generic equivalent is available, you <b>MUST</b> pay the <b>difference</b> in cost between the BCBSM approved amount for the brand-name drug dispensed and the maximum allowable cost for the generic drug <b>plus</b> your applicable copay regardless of whether you or your physician requests the brand name drug. <b>Exception:</b> If your physician requests and receives authorization for a nonformulary brand-name drug with a generic equivalent from BCBSM and writes "Dispense as Written" or "DAW" on the prescription order, you pay only your applicable copay. <b>Note:</b> This MAC difference will not be applied toward your annual in-network deductible, nor your annual coinsurance/copay maximum.</p>
Quantity limits	To stay consistent with FDA approved labeling for drugs, some medications may have quantity limits.

**Network access information**

With Blue Dental PPO, members can choose any licensed dentist anywhere. However, they'll save the most money when they choose a dentist who is a member of the Blue Dental PPO network.

**Blue Dental PPO network-** Blue Dental members have unmatched access to PPO (in-network) dentists through the Blue Dental PPO network, which offers more than 535,000 dentist locations\* nationwide. PPO dentists agree to accept our approved amount as full payment for covered services, and members pay only their applicable coinsurance and deductible amounts. Members also receive discounts on noncovered services when they use PPO dentists (in states where permitted by law). To find a PPO dentist near you, please visit [mibluedentist.com](http://mibluedentist.com) or call **1-888-826-8152**.

*\*A dentist location is any place a member can see a dentist to receive high-quality dental care. For example, one dentist practicing in two offices is two dentist locations.*

**Blue Par Select<sup>SM</sup> arrangement-** Most non-PPO(out-of-network) dentists accept our Blue Par Select arrangement, which means they participate with the Blues on a "per claim" basis. Members should ask their dentists if they participate with BCBSM before every treatment. Blue Par Select dentists accept our approved amount as full payment for covered services, and members pay only applicable coinsurance and deductibles. To find a dentist who may participate with BCBSM, please visit [mibluedentist.com](http://mibluedentist.com).

**Note:** For members who go to nonparticipating dentists we will pay the charge for covered services, less the members applicable deductible and/or copayment directly to the subscriber. The providers charge will constitute our approved amount.
