MCC NURSING PROGRAM COURSE PLAN REQUIREMENT CHECKLIST FOR ASSOCIATE IN APPLIED SCIENCE (AAS) NURSING

Academic prerequisites and requirements for admission to the Nursing Program are outlined below. Program admission is based on a first come, first served basis; once the requirements have been met and the application filled out, the applicant will be placed on the appropriate "Waitlist". It is the responsibility of each student to notify the MCC Records Office of an address, name, and/or phone number change(s). (Please see the MCC Student Welcome Center or your "MyMCC" portal page for procedures on how to update your information.) The College will not be responsible for any incident arising from the student's failure to update contact information or from not checking their official MCC email on a regular basis.

GENERAL EDUCATION REQUIREMENTS

Must be completed with a minimum of a "C" (2.0) in adherence to the Muskegon Community College Course Repeat Rule, which was developed to provide fair access to classes. It allows the student to repeat the course once. Instructor permission is required to take a course more than twice. To repeat a course, a student must register for and pay all necessary fees. Each grade received will appear on a student's record, but only the last grade awarded is used in computing a GPA. Keep in mind that if you retake a class and receive a lower grade, the last grade is still the one that counts. When transferring to another college or university, you may be held accountable for all attempts as grades associated with a course taken at Muskegon Community College.
