Student Planning

Here you can search for courses, plan your terms, and schedule & register your course sections.

Online (Asynchronous)

Course entirely online through Blackboard. No scheduled meeting times. Instructor may require live or proctored testing.

Times	Locations
1/11/2021 - 5/3/2021	Internet/Online, Internet ONLINE Internet

Notice no specific day and time are listed.

Online (Synchronous)

Course entirely online through Blackboard and web-conferencing platform at scheduled meeting times (synchronously). Additional online work outside of scheduled meeting times. Webcams are required. Students meet via Zoom, Collaborate, etc. Instructor may require live or proctored testing.

Times	Locations
M/W 2:30 PM - 3:55 PM 1/11/2021 - 5/3/2021	Internet/Online, Internet LIVE Live Internet

Specific days and times are listed. Students need to be available to meet online using zoom or blackboard collaborate on these days and times.

Face-to-Face

On campus classes in classroom/lab. Students are required to be in class at designated times. Instructor may require live or proctored testing. If COVID-19 conditions require class to be moved to online learning after the semester has started, the class will shift to synchronous or asynchronous format. If switched to synchronous format, meeting days and times remain the same as face-to-face class.

Times	Locations
T 9:05 AM - 12:05 PM 1/12/2021 - 4/27/2021	Main Campus-Quarterline, Science Center 1412 Laboratory

This is a science lab that meets in person on campus. Masks and Social Distancing required.

Hybrid

Course contains an online portion through Blackboard and EITHER synchronous (live schedule meeting times) OR face-to-face meeting times. Any synchronous meetings are via webcam during designated days/times. Instructor may require live or proctored testing.
