

PSYCHOLOGY PATHWAY ASSOCIATE IN SCIENCE AND ARTS (ASA)

with the Michigan Transfer Agreement

Description

The MiTransfer Pathway Associate in Science and Arts (ASA) degree includes the Michigan Transfer Agreement (MTA) and is designed for students who plan to transfer to a four-year college or university and major in a particular discipline. A minimum of 62 credit hours with a minimum cumulative 2.0 GPA, is required for the ASA Degree. MCC and the Michigan Transfer Agreement require a “C” or better in individual courses used to meet ASA and MTA requirements. These courses are shown in bold type below. Courses numbered below 100 do not count toward the ASA. Any course can be used only ONCE in any category. This program may be completed 100% online, however not all classes in the program may be offered in an online format. Please work closely with the MCC Counseling Office and/ or faculty members to select courses offered 100% online.

Transfer paths and requirements

Community Colleges across the state have partnered with many four-year universities to create easy-to-understand pathways for students transferring credits to a university. Please more information about this agreement along with the participating colleges at <https://www.muskegoncc.edu/transferservices/michigan-transfer-pathways/>

For a smooth transfer to a four-year institution, students should consult with a counselor/advisor at MCC ([Schedule an Appointment](#)) and the receiving institution.

Listed below is a two-year plan for full-time students that can be used as a guide.

YEAR 1 - FALL SEMESTER	Credits	Semesters Offered Online	Comments
ENG 101	3	F, W, S	Prereqs: Follow placement guidelines
MATH 115A	4	F,W, S	Recommended: Math 097, Math 098, Math 099, Math 100A, or Math 107A with a grade of C or better.
PSYC 201	4	F, W, S	
Western Culture Requirement See General Education Classes Offered Online	3-4	F, W, S	
PEA Requirement	1	F, W, S	
Total Credit Hours	15-16		
YEAR 1 - WINTER SEMESTER
