MISSION, VISION AND VALUES

- **Our Mission Statement:** Muskegon Community College, dedicated to excellence, prepares students, builds communities, and improves lives.
- **Our Vision:** An educated, thriving community.
- **Our Guiding Values:** Learning, Integrity, Excellence, Collaboration, Kindness

Periodic Review Policy: The MCC Integrated Planning Steering Committee shall review the College's mission, vision, and values statements at least once prior to the end of each strategic plan implementation period. If the committee deems that the mission, vision, and/or values statement should be updated, they will solicit from stakeholders and the proposed mission, vision, and/or values statement(s) will be presented to the MCC Board of Trustees for endorsement.

Having single, unified mission, vision, and values statements for the College provides many advantages:

- Unity
- Clear Communications
- Strategic Focus

- Resource Allocation
- Enhanced Accountability
- Adaptability to Change
- Brand Image and Reputation

Unified Mission, Vision and Values Policy: Because Muskegon Community College's mission, vision, and values statements reflect the whole institution, departments or offices may adopt a "Statement of Support" to promote their unique goals, functions, and/or other aspects of how they are advancing MCC's mission, vision, and/or values, not individual mission, vision, or value statements.

MCC'S COMMITMENT:

MCC is committed to providing students, staff and the communities we serve with the necessary tools and resources to respect, accept, and celebrate differences, while embracing all people.

We are stronger together and committed to:

- promoting educational practices for social development
- enriching self-awareness
- enhancing interaction on a local and global scale
- increasing opportunities to think beyond ourselves

HIGHLIGHTS OF THE HISTORY OF MUSKEGON COMMUNITY COLLEGE

Muskegon Junior College was established by the Muskegon Board of Education in 1926. In June 1951, after an enabling act by the Michigan Legislature, the name and educational scope of the College was changed. "Muskegon Junior College" became "Muskegon Community College" (MCC), thereby reflecting the expanded nature of the College's programs.

MCC's programs were broadened to serve a larger number of students with a wider variety of interests. Courses were added in retailing, the vocations, the technical fields, public health, and the trades. These courses enabled young men and women to prepare themselves for a specific field of employment in two years of training beyond high school. There was no shrinking of the transfer program, only an expanded curriculum to serve a larger segment of the community.

- In April 1963, the county overwhelmingly approved the recommendations of the committee and elected the first Board of Trustees. The elected board went to work immediately and by September of that year had purchased the 111-acre campus on which the College exists today.

- 1995 - The Muskegon Center for Higher Education was opened on the campus of MCC. The center houses upper-level courses and programs offered by Ferris State, Grand Valley State, and Western Michigan universities. The 90,000 square foot facility was named in honor of former MCC President James L. Stevenson.
- 2006 - The Hendrik Meijer Library Information Technology Center opened in January 2006. The 40,000 square foot Information Technology Center offers students and the community the latest in communication capabilities, including wireless internet access, state-of-the-art library facilities/technologies and classrooms, and an internet cafe.
- 2013 - Voters approved to support MCC facilities expansion, which included construction of a new Science Center, the addition of a Health Center, the purchase of the former Muskegon Chronicle building for technology and entrepreneurial programs in downtown Muskegon, and the renovation of campus facilities for Creative and Performing Arts.
- 2015 - The former Masonic Temple, located next to the new Downtown Center, was donated to MCC and will be renamed the Rooks / Sarnicola Institute for Entrepreneurial Studies.
- 2015 - Purchased the former Muskegon Family YMCA facility and renamed to the MCC Lakeshore Fitness Center.

ADDITIONAL OR OUTSIDE EMPLOYMENT

Faculty/Staff are permitted to engage in outside work or to hold other jobs, subject to certain restrictions as outlined below.

Activities and conduct away from the job must not compete with, conflict with, appear to conflict with or compromise the College interests and reputation or adversely affect job performance and the ability to fulfill all job responsibilities. Faculty/Staff are prohibited from performing any services on nonworking time that are normally performed by MCC. This prohibition also extends to the unauthorized use of any College resources, tools, or equipment and the unauthorized use or application of any confidential information. In addition, Faculty/Staff are not to solicit or conduct any outside business during paid working time.

Faculty/Staff are cautioned to consider the demands that additional work activity will create before accepting outside employment. Outside employment will not be considered an excuse for poor job performance, absenteeism, tardiness, leaving early, refusal to travel or refusal to work

overtime or different hours. If MCC determines that an employee's outside work interferes with performance, the employee may be asked to terminate the outside employment.

Faculty/Staff who have accepted outside employment may not use paid sick leave to work on the outside job. Fraudulent use of sick leave will result in disciplinary action up to and including termination.

The College retains the right to determine whether other employment interferes with responsibilities or presents a conflict of interest. An employee should seek approval from their supervisor and the Human Resources Office in advance of accepting outside employment to confirm that it is not prohibited. There may be some rare occasions when another similar position is approved by the Human Resources Office, in conjunction with the supervising cabinet member, due to the strategic initiatives of the college.

ADVERTISING AND NON-SOLICITATION

(Refer to Commercial solicitation on page 61)

AMERICANS WITH DISABILITIES ACT

The College believes in supporting our employees and a diverse work force. We fully comply with the Americans with Disabilities Act as well as state laws that require the College to make reasonable accommodations for individuals with disabilities in our workplace.

We are committed to treating all individuals with disabilities without discrimination in any area of work including pre-employment, application, hiring, promotions, supervision, and evaluation. The College treats all medical information and records concerning disabilities as strictly confidential.

If you are a qualified employee with a disability, you are encouraged to request a reasonable accommodation in order to help overcome the limitations posed by your disability to accomplish your work. Accommodation Request Forms for Disabled Employees are available on the Benefits page on [MyMCC](#).

For student disability services, please contact [Disability Support Services](#).

ATTENDANCE - TARDINESS AND ABSENCES

Faculty and staff should make every effort to contact their immediate supervisor as early as possible when unable to work a regularly scheduled shift. In the case of an emergency, the supervisor or other department leadership should be contacted as soon as possible.

An unexcused absence occurs when an employee fails to properly notify their immediate supervisor. If an employee is absent from work because of an emergency, notify the supervisor before the start of a scheduled shift on the first day of the absence. An employee is required to call in each day of the absence.

Absenteeism or tardiness that is unexcused or excessive in the judgment of the College will result in disciplinary action, up to and including dismissal. Management reserves the right to request medical documentation for absence(s). Patterns of excused or unexcused absences or tardiness may result in a request for documentation for the unplanned time off and may result in disciplinary action.

No Call, No Show - when an employee does not call or show up for work on scheduled workdays, a doctor's note may be required and they may be subject to discipline up to and including termination. An absence of three consecutive days without notifying one's supervisor is job abandonment and is considered an immediate resignation.

BACKGROUND CHECK

Muskegon Community College believes that hiring talented, skilled, committed individuals contributes to our overall strategic success. Background checks will ensure safeguarding the students, faculty/staff, community members and resources of the College. Therefore, Muskegon Community College requires background checks and complies with all applicable laws.

All candidate offers for positions will be contingent upon background checks. The Human Resources Office, often in partnership with the hiring supervisor and/or a third party agency, will conduct the background checks to verify the accuracy of the information provided by the applicant during the selection process. Information collected may include past employment, education, character, reputation, financial information, criminal convictions, social security verification, and/or motor vehicle record check.

Muskegon Community College will ensure that all background checks are conducted in compliance with all applicable federal and state statutes, such as the Fair Credit Reporting Act. Human Resources will be primarily responsible for the background check process. Any offers made before a background check has been completed shall be expressly conditional upon successful completion of the background check.

Conditional offers shall be withdrawn if the results of the background check are deemed to disqualify the applicant for the position.

Results of background checks will be considered in the following manner and shall include, but not be limited to the following factors:

- Number of offenses or misconduct;
- Length of time between the offense or misconduct and the application for employment;
- Other employment history;
- Evidence of applicant's rehabilitation efforts;
- Severity of the offense or misconduct; and
- The relevance of the offense or misconduct to responsibilities of the position.

To the extent required by the Fair Credit Reporting Act, applicants will be informed in writing of adverse information discovered in the background check and given an opportunity to respond. Upon conclusion of the review, written notice will be sent to the candidate regarding Muskegon Community College's decision of eligibility for the position.

Failure to disclose criminal convictions requested during the application process will likely result in disqualification for employment or termination of employment.

Disqualification of the candidate based on information discovered in the background check is not subject to grievance or appeal.

Background checks conducted by the US Department of Homeland Security for international, non-citizen job candidates as part of the visa process may be considered adequate for the purposes of this policy if the candidate has not previously resided in the United States.

All information obtained from the background check process will be kept confidential as part of the employment file and/or hiring process. Only authorized personnel will have access to this information.

Written notification of the requirement to successfully pass a background check will be given during advertisement and/or at time of application.

The Human Resources Office may only initiate background checks once they receive a completed and signed Authorization for Background Check form. This form is valid for the duration of employment.

BOARD OF TRUSTEES

MCC is governed by a seven-member board of trustees who are elected for six-year terms on an "at large" basis from throughout the district (Muskegon County). The College's chief executive is the President, appointed by the Board of Trustees. The primary function of the Board is to oversee the education of people in our community. The Board is responsible for establishing and implementing policy to maintain an excellent education for all students in a safe, secure learning environment. These policies and procedures guide the President and staff in their daily duties. For more information regarding the Board of Trustee members or policies, please visit <http://www.muskegoncc.edu/administration/board-of-trustees/>.

BOMB THREAT

The College has established formal processes and procedures to address bomb threats. It is an employee's responsibility to know the steps to keep our campus community safe. If an employee receives a threat in any form or sees a suspicious package, follow the instructions found in the [Emergency Actions Section](#) under "Safety" on MyMCC.

Immediately following the threat, call 911, and then contact Security at ext. 7545 (cell 231- 557-5648). If Security is not reached, press the "panic button" on a campus phone to reach the Crisis Team.

CAMPUS SAFETY AND SECURITY

In compliance with the "Jeanne Clery Disclosure of Campus Security Policy and Campus Statistics Act," a guide is issued each year to provide information regarding safety and security procedures and crime statistics. Refer to the [Annual Campus Safety and Security Report](#).

If a threat to the safety or security of personnel or college property should occur, please report it to Security or Physical Plant located in Room 1356. For emergency situations, please dial 911, and then notify our Security Office at ext. 7545.

CODE OF CONDUCT AND ETHICS

Our Code of Conduct confirms the behavioral expectations we have for one another with students, peers, supervisors and other community members. Employees must, at all times, comply with all applicable laws and regulations, and do the right thing for our MCC community. Muskegon Community College will not condone the activities of employees who, for whatever purpose or goal, knowingly and willfully violate the law or college policy. Just remember to 'do the right thing.' Muskegon Community College further supports adherence to such core principles as fairness and equal opportunity. Faculty or staff uncertain about the application or interpretation

of any legal or policy requirements shall refer the matter to their supervisor or the Human Resources Office.

MCC has the following expectations for College faculty/staff, including but not limited to:

- Provide a safe work environment.
- Promote continuous improvement.
- Engage in Student Success initiatives.
- Establish consistent operating standards.
- Promote and support respectful and collegial behavior.
- Behave ethically and appropriately.
- Protect individual rights and well-being.
- Protect College property.
- Fulfill legal responsibilities.
- Avoid conflicts of interest.
- Avoid inappropriate relationships

There is no effective method of pre-determining the seriousness or effect of any one violation of MCC's policies or of making an exhaustive list of all possible violations of policy. Violations may result in disciplinary action including termination of employment based on the severity of the action. Although some violations may be more severe than others, repeated violations or a combination of violations may result in termination of employment.

EARNED SICK TIME ACT (ESTA)

Summary

Effective February 21, 2025, per Michigan's Earned Sick Time Act (ESTA), eligible employees will be entitled to use PTO/Sick Time for covered reasons and others will begin accruing one hour of earned sick time for every 30 hours worked.

Eligibility

Except as noted below, all employees, including student employees, part-time and temporary workers, are eligible to accrue paid sick time from their first day of employment. MCC's PTO/Sick Time policies meet or exceed ESTA's requirements, and as such, employees currently receiving

PTO/Sick Time under those policies will be entitled to also use their available time for reasons allowed by ESTA. For employees covered by a collective bargaining agreement in effect on February 21, 2025, ESTA does not apply until the stated expiration date in that collective bargaining agreement. Please review your current contract or guidebook to view your leave time policy.

Accrual Rate

Employees not otherwise eligible for PTO/Sick Time under other MCC policies will accrue one (1) hour of paid sick time for every 30 hours worked and there is no cap on the total amount of sick time that can be accrued.

Usage

Employees may only use up to 72 hours of accrued PTO/Sick Time for ESTA purposes per fiscal year. Accrued sick time can be used for the following reasons:

- The employee's mental or physical illness, injury, or health condition.
- Medical diagnosis, care, or treatment of the employee's mental or physical illness, injury, or health condition.
- Preventive medical care for the employee.
- For a family member with a mental or physical illness, injury, or health condition.
- Medical diagnosis, care, or treatment of a family member's mental or physical illness, injury, or health condition.
- Preventive medical care for a family member.
- If the employee or the employee's family member is a victim of domestic violence or sexual assault, for medical care, psychological counseling, victim services, relocation, legal services, or participation in related civil or criminal proceedings.
- Closure of the employee's place of business by order of a public official due to a public health emergency.
- Care for a child whose school or place of care has been closed by order of a public official due to a public health emergency.
- When health authorities determine that the employee's or family member's presence in the community would jeopardize the health of others due to exposure to a communicable disease.

All other ESTA-defined terms apply to this Procedure. Additional information regarding ESTA can be found in this posting: https://www.michigan.gov/leo/-/media/Project/Websites/leo/Documents/WAGE-HOUR/WHd-99xx-Information-Sheets/WHd-9911-PMLA-Poster/EARNED-SICK-TIME-ACT-Poster_9911.pdf?rev=65db63fe1c1944a38c1f32d3df1b9011&hash=4005F8DD9998E53354415138B050178C.

Carryover & Payout:

Unused ESTA hours will carry over to the next benefit year with no maximum accrual limits.

Unused ESTA hours will not be paid out upon separation of employment. If an employee is rehired within 2 months of separation of employment, their ESTA hours will be reinstated upon rehire. For employees earning PTO/Sick Time, please review your current contract or guidebook to view your carryover & payout policies.

Notification

Employees must provide reasonable notice of the need to use earned sick time when possible. For unforeseeable absences, notice should be given as soon as practicable. For leave that extends beyond three consecutive days, employees may be required to provide reasonable documentation.

Confidentiality

All information regarding the use of earned sick time will be kept confidential and will not be disclosed except to the extent permitted or required by law.

Non-Retaliation

MCC will not retaliate against any employee for using accrued sick time or exercising their rights under this policy. Please use the link above for more information about employee/employer rights and responsibilities.

FMLA LEAVE

Under the Family and Medical Leave Act of 1993 (FMLA), eligible employees may take job-protected leave for certain family-related, medical or military-related reasons. As described below, leave entitlements vary depending upon the reason for the leave. Eligible faculty and staff members are those who have worked at the College for at least twelve (12) months and have worked 1,250 hours in the twelve-month period before the leave is to begin. Leave is tracked on a rolling 12-month look back period.

Family Leave & Medical Leave

- Up to twelve (12) weeks of leave may be taken for any one, or a combination, of the following circumstances:
 - To care for the employee's child after birth, or placement for adoption or foster care.
 - To care for a spouse, child (includes biological, adopted, stepchild, foster child, legal ward or a child of a person standing in loco parentis who is under age 18 or, if older than 18, who is incapable of self-care because of mental or physical disability) or parent (biological, adoptive, or the person who acted as a parent when the employee was a child but does not include mother-in-law or father-in-law) who is suffering from a serious health condition.

- For an employee's own serious health condition which prevents the employee from performing their job.
- The maximum amount of leave is twelve (12) weeks in a 12-month period.
- Where medically necessary, leave due to a serious health condition may be taken on a reduced schedule or intermittent basis.
- Leave due to the birth, adoption or placement of a child may be taken on a reduced schedule or intermittent basis only with the prior approval of the Chief Human Resources Officer, and such leave must be completed within twelve (12) months of the birth, adoption or placement.

Military-Related Leave

- Faculty and staff members may take up to twelve (12) weeks of leave because of a "qualifying exigency" arising out of the fact that a spouse, parent or child of the employee is on Covered Active Duty, is on call to Covered Active Duty, or has been notified of an impending call or order to Covered Active Duty in the military. Covered Active Duty means duty during deployment in the National Guard, the Reserves, or retired Armed Forces or Reserves to a foreign country under a Federal call or order to active duty in support of a contingency operation. For a member of the Regular Armed Forces, Covered Active Duty means during deployment to a foreign country. Qualifying exigencies must relate to the active duty or call or order to active duty and include such things as attending to legal and financial matters; providing urgent childcare or making alternative schooling or childcare arrangements; providing urgent parental care or making alternative parental care arrangements; attending or participating in certain non-medical counseling sessions; attending military events; attending post- deployment and reintegration briefings; spending time with a military member who is on short term rest and recuperation leave during deployment; and addressing issues that arise due to short-notice call or order to active duty. Leave may be taken in a single block of time, intermittently, or on a reduced- schedule basis.
- Eligible faculty and staff members may also take up to twenty-six (26) weeks of leave to care for a Covered Service Member (spouse, child, parent or next of kin) with a serious illness or injury. A Covered Service Member is (a) a current member of the Armed Forces, the National Guard, or the Reserves and who is undergoing medical treatment, recuperation or therapy, is in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness incurred or aggravated in the line of duty on active duty, or (b) a veteran of the Armed Forces, the National Guard, or the Reserves, and who is receiving treatment, recuperation, or therapy for a qualifying serious injury or illness incurred or aggravated in the line of duty on active duty provided the Covered Service Member's discharge from military service was within five (5) years of the commencement of the leave.

Total Leave Entitlement

- Leave taken for all categories of family, medical and military leave will be combined toward the applicable 26-week or 12-week entitlements outlined in this policy. Where a husband and wife both work for Muskegon Community College (MCC), they will be limited to a combined 12 or 26 weeks of leave due to birth, adoption or placement of a child for foster care, to care for a parent with a serious health condition, or to care for a Covered Service Member with serious injury or illness arising out of their military service.

Notification & Certification of Need for Leave

- When practical, employees are required to give MCC at least thirty (30) days' notice of the need for leave.
- When the need for leave becomes known less than thirty (30) days in advance, you are required to notify MCC promptly when the need for leave becomes known.
- Failure to provide timely notice may result in your leave being delayed.
- While off work on leave, verification of continued need for leave and intent to return may also be requested.

Failure to provide timely notice or the required certification may result in the leave being delayed or denied, or your absences being counted against MCC's attendance policy or standards.

Employer Notice

- If you request leave, you will be informed whether you are eligible under the FMLA.
- If you are, the notice will specify any additional information required as well as your rights and responsibilities.
- If you are not eligible, you will be notified and given a reason for the ineligibility.
- You will also be informed if leave will be designated as FMLA leave and if known, the amount of leave counted against your total leave entitlement. If MCC determines that the leave is not covered by the FMLA, you will be notified of this determination.

Benefits

- Group health plan benefits are continued during FMLA leave.
- To maintain health care coverage during an approved leave, you must continue to pay the regular required employee contribution.
- If you fail to make the required contributions, health care coverage may be terminated and you will be eligible to continue coverage under COBRA.
- Non-health benefits (e.g., life, disability, Flex, etc.) will continue during an FMLA leave. You will not lose any benefit that was earned prior to your leave, but you will be responsible for your

portion of the benefit cost, during the 12-week period. After the FMLA 12-week period contact the Human Resources Office.

- In most circumstances, FMLA time will run concurrently with disability benefits or worker's compensation benefits. You will also be required to use accrued sick, vacation, PTO or any available paid time off during an otherwise unpaid FMLA leave, subject to the terms of the paid time off policies. Employees on FMLA leave will not receive pay for holidays while they are on leave, unless they are still on the payroll for the purpose of exhausting accrued vacation, sick, or PTO time.

Other Requirements

- Employees may not engage in any work (whether for another employer or self- employed) while on a leave of absence under this policy.
- Employees returning from a leave due to their own serious health condition may be required to provide MCC with a fitness for duty certification.
- Employees who return from leave within the allowed time limits will be reinstated to their same or an equivalent position with the organization, with equivalent pay, benefits and other employment terms.

INFECTIOUS DISEASE

In the event that an employee has been diagnosed with or has knowledge of a student or faculty/staff member having a communicable disease that poses a health hazard to others, or comes in contact with hazardous substances, he or she must report it immediately to the Human Resources Office. Confidentiality and privacy rights will be respected.

It is the intent of the College to investigate and handle each case on its own particular facts. There will be an attempt to strike a balance between the rights of the person having the disease and the rights of students and co-workers to be free from the risk of exposure. The College reserves the right to exclude a person with a communicable disease from the campus facilities, programs and functions if the College finds that based on a medical determination, such restriction is necessary for the welfare of the person who has the communicable disease and/ or the welfare of others within the campus.

Faculty, staff, and student employees with a communicable disease will be treated consistently with other employees as long as they are able to meet acceptable performance standards and do not pose a health hazard to others. The College will not discriminate against any job applicant or employee based on the individual having a communicable disease.

The College will comply with all applicable statutes and regulations that protect the privacy of persons who have a communicable disease. Every effort will be made to ensure procedurally sufficient safeguards to maintain the personal confidence about persons who have communicable diseases. An employee's health condition is personal and confidential and should be treated as such. Questions or concerns should be directed to the Human Resources Office.

OVERTIME

It is the practice of the College not to allow compensatory time in lieu of overtime wages. MCC follows the minimum standard established by Fair Labor Standards Act (FLSA) to pay time and a half for all hours worked in excess of 40 hours in a single week for non-exempt employees (hourly).

Prior to authorizing overtime hours, managing supervisors must obtain approval from the Chief Executive Officer to whom they report.

Overtime pay may not be waived, nor can an employer and employee agree that only 8 hours per day and 40 hours per week will be counted or recorded (i.e. off the clock). When necessary, work hours may be adjusted within the workweek in which the overtime occurs to maintain a 40-hour schedule.

Overtime will not be permitted without supervisor approval. If an employee works overtime without approval, the time must still be paid; however, an employee may be subject to disciplinary action.

EMPLOYEE FLEXIBLE/REMOTE WORK POLICY

At MCC, work still requires us to collaborate with one another to find excellent ways to foster success and completion via methods that are supportive of our students and our community.

Below are the main types of flexible work arrangements currently included in what is considered “Flexible Work Arrangements”. These options may be combined or used singularly, and they may be a temporary arrangement or more of a permanent nature. There may be other emerging variations than what is included below to be considered in the future.

There are several flexible work options available, while still meeting student/customer needs including:

- Flexible Start/Stop Times
- Remote Work (or some call this a Hybrid Work schedule)

- Compressed Workweek
- Part-Time or Reduced Schedule

Although not all options may be available in all departments or for all positions, these guidelines can offer employees suggestions that may help them manage their work schedules while continuing to meet business needs.

All flexible work arrangements should start on a 3-month trial basis to determine the success of the flexible schedule and its feasibility as a regular arrangement.

Flex/Remote Work Options

Subject to supervisor approval, the following flexible scheduling options may be available: Contact your supervisor to determine your standard work time. Staff may also work during evening and weekend activities.

- Flex Start/Stop Times provide up to 2 hours of flexibility in an employee's set scheduled starting and ending times for their 8-hour workdays. For instance, an employee might prefer to begin work earlier than department business hours (i.e., 7:00 am) and leave earlier (i.e., 3:30 pm), while another employee may prefer to start later and work later.
- Compressed Workweek Option 1 allows an employee to work 10 hours per workday, reducing the workweek to 4 days a week.
- Compressed Workweek Option 2 allows an employee to work 9-hour workdays Monday through Thursday and 4 hours each Friday. (This has been typical during the pandemic.)
- Part-time positions may be available for a limited period or on a regular basis. In general, part-time positions work between 20-30 hours per week. Benefits (insurance/time off) for this type of role would differ from a full-time role. Please consult Human Resources for more information.
- Seasonal Hours may include a version of a compressed workweek and may be followed by the entire college.
- Remote Work is an arrangement where work may be completed off campus. See more information below.

Although approved flexible scheduling arrangements may change an employee's workdays and/or hours, the employee must still work their regularly scheduled total number of hours per week. Vacation time may not be used to reduce or alter a regular work schedule on an ongoing basis as it is intended to provide restorative time away from work or the opportunity to occasionally address personal matters.

To request a flexible scheduling option, an employee should complete a Flexible Scheduling/Remote Work Request form and submit it to their supervisor. After reaching a determination, supervisors should complete the supervisor section of the form and seek approval

from their VP and then provide a copy to the employee. An electronic copy of the form will be forwarded to HR upon approval or denial.

Considerations

The main consideration in setting up a flexible work arrangement is how/when the work will be completed. Although personal needs are often a factor in any such arrangement, Department/College requirements remain the primary consideration.

Employee Remote Work Policy

This policy outlines expectations for employees of Muskegon Community College who work remotely from home in lieu of working in the MCC offices or in a model which allows for both on campus and remote work. One of the purposes of this policy is to ensure that both employees and our campus community will benefit from these arrangements.

MCC will promote remote work to the extent that such work can be completed in an efficient and effective manner. Remote work, however, is not feasible for all positions or employees. Employees may work remotely on a continuous or intermittent basis depending on feasibility at the discretion of MCC Administration. Not all roles are suited to remote work because, for example, they require hands-on work or use of onsite resources. As the assessments of position's or an employee's responsibilities and duties are conducted, the affected employees will be informed by their supervisor on what schedule they may or will be required to work in-person and/or remotely. Periodic 'visits' or work on campus may be required.

Remote work is not an employee benefit intended to be available to the entire organization. As such, no employee is entitled, or guaranteed the opportunity, to remote work. The College may terminate any employee's approval to work remotely, with or without cause, upon notice to the employee. This Policy is not a contract of employment for any period of time or under particular circumstances and may not be construed as such.

Remote Working that Works

To ensure that employee performance will not suffer due to a remote work arrangement, remote workers must:

- Choose a quiet and distraction-free working space
- Have an internet connection that is adequate for their job
- Dedicate their full attention to their job duties during working hours
- Generally, make arrangements to work separately and without interruption if there are any other people at home with you while you are working. If the employee has children at home who cannot care for themselves, the employee must have adequate childcare for them.

Remote work is not intended to be a substitute for childcare arrangements. Instead, you may be eligible for leave to care for your children under certain circumstances and should contact HR (Human Resources) to request such leave.

- Adhere to all work schedules and meal and rest breaks agreed upon with their supervisor. Remote workers must place schedule deviations on their calendar and get advance approval from their supervisor to ensure accessibility. If a remote worker cannot work for any health-related or other personal reason, they must follow the department/MCC attendance and reporting procedures.
- Ensure their schedules overlap with those of their team members for as long as is necessary to complete their job duties effectively. Team members and managers should determine long-term and short-term goals. They should frequently meet (via phone or Zoom, etc.) to discuss progress and results.
- Consistently communicate in a timely, thorough, and professional manner with leadership, coworkers and third parties

Compliance with Policies

Our remote employees must follow all MCC policies like their campus-based colleagues. Examples of policies that all employees should abide by include, but are not limited to, the following:

- Social media
- Confidentiality
- Protection of MCC data and property/FERPA
- Employee Code of Conduct
- Safety
- Anti-discrimination/Anti-harassment/Equal opportunity/Title IX
- Attendance and leave policies

Time Worked

As approved by your manager or supervisor, and then your Vice President in advance, you will work remotely, during your assigned work hours. Most departments are expected to provide services for designated hours. During summer hours the general schedule is four, nine-and a half hour days (9.5) and a half-day on Friday. Flexibility is expected as feasible to support our operations and to allow for healthy work/life balance.

Approved flexible schedules and remote work options:

- Are subject to a 90-day trial period to assess their impact and effectiveness.
- Will be reviewed at least annually to evaluate ongoing effectiveness after successful completion of the trial period.

- Require that exempt employees must depart from a flexible schedule to perform their jobs duties, as needed.
- Acknowledge that non-exempt employees may be asked to work overtime regardless of a flexible schedule.
- Require that all employees depart from a remote work arrangement to perform duties on campus, as necessary.
- May be suspended or cancelled at any time by the College.
- Require written approval from the department supervisor if an employee wishes to change or cancel the flexible schedule or remote work arrangement.

Non-exempt employees must follow all applicable policies including, but not limited to, breaks, requesting prior approval for overtime, and timekeeping. Off-the-clock work is prohibited, and all hours worked must be accurately reported. Remote workers must adhere to their usual workweek hours unless prior authorization for additional (or overtime) hours has been granted.

Equipment and Expenses

MCC will provide remote employees with equipment that is essential to their job duties, i.e., laptops. They will install MCC required hardware or software to enable remote work when employees receive their equipment. Equipment or software provided is Campus property, and MCC retains ownership and control over property issued. MCC reserves the right to monitor the activity and content of such property including, but not limited to, internet use and emails, so employees should have no expectation of privacy. Employees must keep campus property safe and avoid any misuse. The equipment provided by MCC is for business purposes only. The remote worker must sign an inventory of property received and agree to take appropriate action to protect the items from damage and theft. Employees must take proper measures to secure college information, assets and systems.

Among other requirements, employees must:

- Keep their equipment password protected
- Secure their home wi-fi network with a required password
- Not allow others to use college equipment or access college information
- Store equipment and information in a safe and clean space when not in use
- Follow all data encryption, protection standards and settings such as....
- Refrain from visiting untrustworthy or suspicious sites
- Only download authorized software with prior approval
- Keep confidential information in locked file cabinets and desks

- If a shredder is not available at the remote location, all the college documents will be set aside and stored for future shredding at the campus instead of throwing the college's confidential or sensitive information in the trash

Upon termination of employment or remote work, and at any earlier request from the College, all college property must be returned to the campus.

The College will provide office supplies. Please order supplies as you did in the office. Business-related supplies that are incurred due to remote work (e.g., printer ink, shipping costs) would be covered by your department. However, the College will not be responsible for any costs associated with repairs, remodeling, furniture, or lighting for the home working space.

Safety

Employees must maintain their home working space in a safe manner, free from hazards. Injuries sustained by the employee in a home office location and in the performance of his or her regular work duties are typically covered by the workers' compensation policy. Remote workers must notify MCC of such injuries as soon as practicable and complete an accident report with security services.

When in-person meetings are required, they should not be held at any remote worksite. Rather, arrangements should be made to conduct such meetings on campus or at the vendor's/customer's location consistent with other applicable policies and procedures. The employee is liable for any injuries sustained by visitors to his or her home worksite.

Taxes

The remote worker must determine, and is solely responsible for, their own tax or legal implications under IRS (Internal Revenue Service), state or local laws.

Remote/Flex Agreement

The [Remote/Flex Agreement](#) can be found on MyMCC under Employee Information. Please complete and send a copy to Human Resources.

CONFIDENTIALITY

Confidentiality is necessary to protect the privacy of all employees and students at Muskegon Community College, and in some instances, is required by law. Confidential information would include information subject to Family Educational Rights and Privacy Act (FERPA), Employee Right to Know Act, OSHA, Social Security Numbers, and other matters not subject to disclosure under the Freedom of Information Act, the Open Meetings Act, the Health Insurance Portability and Accountability Act (HIPAA) and any other applicable statute. Inappropriately divulging college

confidential information, either deliberately or inadvertently, may lead to disciplinary action ranging from verbal and written warning to immediate termination of employment.

CONFLICT OF INTEREST

Muskegon Community College employees must adhere to ethical standards and principles to preserve the College's reputation and integrity in the community. Activities that create a conflict between the interests of the College and an employee are unacceptable.

A conflict of interest is present when, in the judgment of the College, an employee's stake in the transaction is such that it reduces the likelihood that an employee's influence can be exercised impartially in the best interests of the college.

Conflicts of interest may arise in many areas, including but not limited to:

- Personal or financial interests.
- Nepotism and personal relationships in the workplace.
- Performing services on nonworking time that are normally performed by MCC.
- Unauthorized use of any College resources, tools, or equipment in connection with private business, consulting or for personal purposes.
- Outside employment. (See page 5)
- Conduct in the community that competes with, conflicts with, appears to conflict with or compromises the College's interests or reputation in a negative way.
- Acceptance of gifts or anything of value from anyone having or seeking business with the College other than non-cash gifts of minimal value.
- Misuse or disclosure of confidential information.
- Misconduct.

A potential or actual conflict of interest occurs whenever an employee is in a position to influence a decision that may result in a personal gain for the employee or an immediate family member (i.e., spouse or significant other, children, parents, siblings, including step, in-laws, or adoption). To avoid a potential conflict, an employee has a duty to disclose to the cabinet member over their area the potential conflict. The cabinet member (in consultation with the Human Resources Office) may remove the individual from the decision making responsibilities and appoint an alternate, or determine whether to enter into the transaction and, if so, ensure that the terms of the transaction are appropriate.

The ethical standards outlined in this policy shall apply to all persons employed by the College.

Faculty and staff shall adhere to all laws, regulations, and policies that provide equal opportunity for all persons regardless of age, race, color, religion, marital status, sex/gender, pregnancy, sexual orientation, transgender status, gender identity, gender expression, height, weight, national origin, disability, political affiliation, veteran status, or genetics.

Violations of this policy could result in immediate discipline, up to and including termination. If the College has reasonable cause to believe an employee of the organization has failed to disclose actual or possible conflicts of interest, including those arising from a transaction with a related interested person, it shall inform such employee of the basis for this belief and afford the employee an opportunity to explain the alleged failure to disclose. If, after hearing the response and making further investigation as warranted by the circumstances, the College determines the employee has failed to disclose an actual or possible conflict of interest, the College shall take appropriate disciplinary and corrective action.

DISCIPLINARY ACTION

Every employee has the duty and the responsibility to be aware of and abide by existing rules and policies. Employees also have the responsibility to perform their duties to the best of their ability and to the standards as set forth in their job description or as otherwise established.

Discipline will be used to address issues such as poor work performance or misconduct when warranted. The discipline policy is designed to provide an improvement process to correct and prevent a recurrence of undesirable behavior and/or performance issues. The progressive discipline policy has been designed to be consistent with our organizational values, HR best practices and employment laws.

Dismissal or discipline may occur for violation of college standards, policies or regulations some of which include, but are not limited to:

- insubordination, refusal to perform work assigned;
- excessive tardiness and absence;
- damage to college property, supplies, equipment;
- falsification of records including reporting of time worked;
- disorderly conduct including threats, assault, harassment or discrimination;
- intoxication or use of drugs;
- theft or dishonesty;
- poor performance;
- history of poor evaluations with no apparent success in correcting deficiencies noted.

Outlined below are the steps of our progressive discipline policy and procedure. The College reserves the right to combine or skip steps in this process depending on the facts of each situation and the nature of the offense. The level of disciplinary intervention may also vary. Some of the factors that will be considered are whether the offense is repeated despite coaching, counseling and/or training; the employee's work record; and the impact the conduct and performance issues have on our organization.

The following outlines MCC's progressive discipline process:

- **Verbal warning:** A supervisor verbally counsels an employee about an issue of concern and a written record of the discussion is made for future reference.
- **Written warning:** Written warnings are used for behavior or violations that a supervisor considers serious or in situations when a verbal warning has not helped improve unacceptable behavior. Written warnings are placed in an employee's personnel file. Employees should recognize the serious nature of the written warning.
- **Final Written Warning:** Whenever an employee has been involved in a disciplinary situation that has not been readily resolved or when he/she has demonstrated an inability to perform assigned work responsibilities efficiently, the employee may be given a final warning or placed on a performance improvement plan. Often an improvement plan will be established or re-establishes expectations that must be met. The employee must demonstrate a willingness and ability to meet and maintain the conduct and/or work requirements as specified by the supervisor and the organization. If established goals are not met, dismissal may occur.
- **Termination:** When it has been determined that an employee is unable or unwilling to meet the conditions of employment at Muskegon Community College, termination results.

MCC reserves the right to determine the appropriate level of discipline for any inappropriate conduct, including verbal and written warnings, suspension with or without pay, demotion and discharge.

DRESS / PERSONAL APPEARANCE

We always are concerned with the impression we make on others as representatives of Muskegon Community College. In accordance with this concern, employees should strive at all times to ensure that their clothing, appearance, and hygiene are businesslike and contribute to a pleasant campus environment. Employees are encouraged to consult with their supervisor whenever necessary regarding what is acceptable for their work area.

DRUG AND ALCOHOL TESTING

The College retains the right to require the following tests:

- **Post-Offer:** Offers of employment are contingent upon candidates passing a drug test generally before beginning work or finalizing the offer of employment. Refusal to submit to testing will result in disqualification of further employment consideration.
- **Reasonable suspicion:** Faculty/Staff are subject to testing based on legitimate observations, based on facts and logic, and belief that an employee has been drinking or taking drugs. Before sending a Faculty/Staff member for testing, the Human Resources Office must be consulted. Reasonable suspicion may appear differently in each situation; however, some examples of reasonable suspicion include but are not limited to:
 - Direct observation of use or physical symptoms of use (slurred speech, uncoordinated movement, etc.)
 - Abnormal conduct
 - A report from a reliable source that a faculty/staff member is under the influence/using
 - Erratic behavior at work or significant deterioration in work performance
 - Evidence that an employee has used, possessed, sold, solicited or transferred drugs while at work violates the Drug Free Campus policy and will subject a faculty/staff member to immediate disciplinary action up to and including termination.
- **Follow-up:** Faculty/Staff who have tested positive, or otherwise violated this policy, are subject to discipline up to and including discharge.

DRUG FREE CAMPUS

Muskegon Community College is committed to the health, comfort, and safety of students, employees and the public, thereby, minimizing the harmful effects and discomfort smoking, drugs and alcohol produce in the workplace.

The College complies with federal, state, and local laws including those which regulate the possession, use, and sale of alcoholic beverages and controlled substances. The following represents the drug and alcohol policies of MCC. If groups rent or use College facilities, they and their participants/guests shall be required to comply with this policy. In compliance with the Drug-Free Schools and Communities Act Amendments of 1989 Act (20 U.S.C. 1145g), the following represent the Drug-Free Workplace Regulations Act (41 U.S.C. 701):

The following will apply to employees, students and guests:

- The unlawful manufacture, distribution, dispensation, possession, sale, purchase or use of illicit or prescription drugs or alcoholic beverages on MCC premises is prohibited. Alcoholic beverages may be served at sponsored events with special approval (see [Board of Trustees](#))

[Policy Governance Manual](#) on page 21, section 4.08, “*Alcohol, Recreational Marijuana, Non-Prescription Drugs, Illegal Substances on Campus.*”)

- In compliance with Federal and State laws, fire regulations, and MCC policy, the use, distribution or sale of drugs, tobacco, electronic cigarettes (e-cigarette) or vape in addition to the possession, use or smoking of marijuana including medical marijuana is prohibited in college buildings, extension centers, on college premises and in vehicles owned, rented or leased by the college.
- Individuals may not unlawfully possess, use, or distribute controlled substances and alcohol on MCC premises or while engaged in MCC activities such as conferences or field trips.
- Being under the influence of alcohol or any controlled substance while on MCC premises or engaged in MCC activities is prohibited.
- Individuals are personally accountable for having knowledge of federal, state, and local laws relating to alcoholic beverages and controlled substances, the minimum drinking age, the transportation of open containers of alcoholic beverages, and the false representation of age by a minor.

Student Violation

Violation of this policy by students may result in disciplinary action up to, and including, suspension or expulsion from MCC and referral for prosecution. Reports are submitted by students or employees via a Care Report on MyMCC. Community members may use the MCC website.

In addition to responding to student conduct charges, students involved in the distribution of prescription or illicit drugs may face criminal investigation, prosecution and penalties including fines and imprisonment. Students who are also employees of the College are subject to the Drug-Free Schools and Communities Act of 1989. Any employed person (including a student) who is convicted under a criminal drug statute for a violation occurring in the workplace must so notify the college's Human Resources Office within five (5) days from the date of the conviction.

Guest Violation

Guests not in compliance with the policy will be asked to leave the premises and may be reported to the authorities if necessary. Proper care must be taken to ensure the person's safety as the individual is leaving the premises.

Employee Violation

Employees of MCC shall comply with the terms of this policy. Violation of such policy may result in disciplinary action, up to and including termination of employment, suspension and referral for prosecution.

Employees are required to notify MCC of any criminal conviction for a violation of the policy occurring in the workplace no later than five days after such conviction.

Faculty/Staff members judged to be under the influence of drugs, controlled substances, or alcohol will be required to leave the premises. Proper care must be taken to ensure safety of the person leaving the premises. Faculty/Staff who must use prescribed drugs during work that may impact their ability to perform work safely and effectively, should report this fact to their supervisor along with acceptable medical documentation. The supervisor, in consultation with the Human Resources Office, will then make a determination as to whether the faculty/staff member should be able to perform their job safely and effectively.

A faculty/staff member who is abusing drugs or alcohol or is diagnosed as having a drug addiction or alcoholism may be granted a leave of absence to undertake rehabilitation treatment. A faculty/staff member must seek treatment before job performance and conduct issues jeopardize their employment. The faculty/staff member will not be permitted to return to work until appropriate certification is presented to the Human Resources Office that the faculty/staff member is capable of performing their job. Participation in a treatment program does not insulate a faculty/staff member from the imposition of discipline for violations of this or other MCC policies.

Muskegon Community College will offer and promote programs and services that include practical evidence-based approaches to decrease or stop tobacco use for students and employees.

On Campus Licensed Use of Alcoholic Beverages

Students, employees, and visitors of Muskegon Community College are to observe all federal, state, and local laws and College regulations governing the use and possession of alcoholic beverages. Subject to Section I below, all persons are prohibited from furnishing, using or possessing alcoholic beverages on College property, or to be under the influence of alcohol while on College property. Offenders may be subject to criminal charges and/or disciplinary action by the College.

The prohibition as to the furnishing, use or possession of alcoholic beverages shall not apply under the following conditions:

- A. Applications by external organizations or internal College departments or organizations for permission to serve alcoholic beverages on College property are submitted to the College President. The President shall review the application and make a recommendation to the

Provost & Chief Student Services Officer. The Provost & Chief Student Services Officer shall have the authority to approve, modify, or deny the application.

- B. If approved by the Provost & Chief Student Services Officer, alcoholic beverages may be served on College property for external organizations or internal college departments or organizations under circumstances that meet the requirements for a Special License issued by the Michigan Liquor Control Commission, or under circumstances where there is no consideration and a Michigan Liquor Control Commission Special License is not required.
- C. All costs incurred in securing a Special License and utilization of College facilities shall be borne by the applicant.
- D. The terms and conditions of food service contracts entered into by the College with specific vendors shall be observed.
- E. External organizations shall provide liability insurance satisfactory to the College.

EMERGENCY EVACUATIONS

Should the need arise to evacuate the campus, a notification will be made using the most efficient method of notification. Everyone will be instructed to leave the campus and to take their personal belongings with them. Faculty and staff should look around their room/office to see if they see anything unusual before they leave. If something looks or seems unusual or out of place, call Security at ext. 7545 or 231-777-0545. Everyone will be notified via a college communication system when to re-enter or return to campus.

If there is an individual who requires assistance exiting the building, please assist them to a safe location or call Security at ext. 7545 or 231-777-0545 for assistance and wait for help to arrive.

The College has a Crisis Prevention Team that has developed and tested evacuation plans under multiple circumstances to assist the college community in emergency situations.

EMPLOYEE ASSISTANCE PROGRAM (EAP)

[The Employee Assistance Program \(EAP\)](#) is an educational, intervention, and referral service to help employees address life challenges such as:

- Life Changes - New parents, grief support, divorce support, raising kids, supporting or caring for aging relatives, etc.
- Addictions - Substance abuse, gambling, shopping, etc.
- Finding articles or resources to help with day-to-day items: finding day care, financial obligations, estate planning, etc.

The EAP is designed to assist faculty and staff with personal concerns. Information about EAP services and contracted agencies is available on MyMCC and in the Human Resources Office. Employees with personal challenges are encouraged to obtain more information.

Information given to EAP representatives will be confidential.

Participation in the EAP would not negate appropriate disciplinary action if personal problem(s) were to adversely affect working performance. Specific contract agreements and guidelines would be followed to address the situation.

MCC offers third party services both online and in person. Generally, the first three to four visits per issue per year are covered by the College, after which the employee's individual healthcare plan may pick up additional cost.

EMPLOYEE RECORDS

The College establishes a personnel file when any person begins employment. This information helps to administer benefits and compensation in an accurate and timely manner as well as maintain necessary government-related records and other factual information about a person's employment history with the College.

We ask that all employees notify the Human Resources Office of any changes in name, address, telephone number, or who to notify in the case of an emergency within two weeks of the change. Showing an updated social security card is required for a name change.

CONTINUING EMPLOYMENT

Employees are issued a letter to confirm pay and classification changes. Employees may leave their employment at any time, with or without cause, and with or without prior notice, although MCC does request adequate advance notice when possible.

ENDING EMPLOYMENT AND EXIT INTERVIEW

Either party may end employment at any time, with or without cause and with or without prior notice as specified in their group rules. Exit interviews will generally be offered either in-person or online when a resignation or retirement has been received. The termination of employment with the College may occur in several ways, such as:

Resignation - when an employee initiates their own separation for any reason. It is customary, professional, and respectful to provide a minimum of two weeks' notice. The resignation should be in writing to the supervisor and the Human Resources Office.

Retirement - see the Retirement Policy for qualifications to retire. Employees choosing to retire may be eligible for varying benefits. Employees planning to retire should contact the Human Resources Office six months prior to the planned retirement date stating their intent to retire.

No Call / No Show - when an employee does not report to work for three consecutive workdays without notifying their supervisor, they are automatically resigning.

Termination / Discharge - when MCC initiates the release due to lack of work, a change in the workforce, unsatisfactory performance of the duties of the position, or misconduct.

A layoff may result from circumstances in college programming and/or financial constraints. Whenever possible, the employee will be given two (2) weeks' notice in the event of a layoff or reduction in force. However, termination or suspension may be immediate, if the supervisor, the appropriate administrator, or the President deems it to be in the best interest of the College.

EQUAL EMPLOYMENT OPPORTUNITY

Muskegon Community College (MCC) is committed to sustaining a healthy learning and working community environment that recognizes the value of each individual and advances a safe, pleasant and respectful culture for all free from prohibited discrimination and harassment. It is the policy of Muskegon Community College to provide equal opportunities and not discriminate in enrollment, education, employment, public accommodations, activities, or services. MCC is an equal opportunity employer. MCC does not discriminate on the basis of race, color, religion, sex, national origin, marital status, sexual orientation, gender identity, transgender status, political persuasion, disability, height, weight, veteran status, age or any other protected class. Minorities, women, veterans, and the physically challenged are encouraged to apply. Anyone with a disability will be reasonably accommodated by the College. If you have a disability and need an accommodation or assistance in applying for a position, please contact the Human Resources Office.

ETHICAL BEHAVIOR OR CONCERNS (WHISTLE BLOWER)

To report suspected discrimination, harassment, theft, fraud or other possible ethical abuses at the College, call 1-877-684-9585 toll free or [click this link](#) to report your concerns. This third-party system has been designed to ensure that reporting issues can be done easily and with assurance of confidentiality. HonorLine is available 24 hours a day, 7 days a week.

FALSE INFORMATION AND EMPLOYMENT

An applicant for employment with MCC is expected to provide complete and accurate information regarding their background, employment history, credentials and qualifications for employment. If, during employment, MCC learns that a faculty/staff member provided false or misleading information, or omitted pertinent information regarding essential background, employment history, credentials or qualifications for employment, or in any document provided to secure employment or advance employment, MCC may terminate the faculty/staff member, regardless of the time elapsed before the discovery. MCC may investigate an employee's background, employment history, credentials and qualifications at any time during the employment relationship.

Falsifying information such as timesheets, investigative reports or other documents during employment is grounds for disciplinary action up to and including termination.

FEDERAL FUNDS (LOBBYING)

To comply with federal grant regulations, no federal appropriated funds shall be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the making of any federal grant, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal grant or cooperative agreement. If any funds other than federal appropriated funds are paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with a federal grant or cooperative agreement, the College shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

FREEDOM OF INFORMATION ACT (FOIA)

It is the policy of Muskegon Community College (MCC) that all persons, except those incarcerated, consistent with the Michigan Freedom of Information Act (FOIA), are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and employees. The people shall be informed so that they fully participate in the democratic process.

MCC shall comply with FOIA State law in all respects and will respond to FOIA requests in a consistent, fair, and even-handed manner regardless of who makes such a request.

MCC acknowledges that it has a legal obligation to disclose all nonexempt public records in its possession pursuant to a FOIA request. MCC acknowledges that sometimes it is necessary to invoke the exemptions identified under FOIA in order to ensure the effective operation of government and to protect the privacy of individuals.

MCC will protect the public's interest in disclosure, while balancing the requirement to withhold or redact portions of certain records. MCC's policy is to disclose public records consistent with and in compliance with State law.

This details the written procedures and guidelines to implement the FOIA. The College has also created a written public summary of the specific procedures and guidelines relevant to the general public regarding how to submit written requests to the public body and explaining how to understand a public body's written responses, deposit requirements, fee calculations, and avenues for challenge and appeal. The public summary is written in a manner so as to be easily understood by the general public.

The College, in its initial response, will do one of the following within the timeframe permitted by the statute: grant the request, partially grant the request, deny the request, inform the requester that additional time is needed, require a fee deposit prior to further processing, or inform the requester that the requested record has not been sufficiently described.

If a request is denied or partially denied, the College will explain why the documents have not been released and inform the requester of their challenge and appeal options. A fee deposit will be required when processing a request requiring significant MCC employee time and resources. The College will notify the requester of the estimated cost and provide a non-binding, best efforts estimate of the time it will take to complete the processing of the request. It is possible that after further processing of the request, the College will determine that the cost of processing the request is significantly less or greater than the estimated cost. If that is the case, MCC will notify the requester to allow the requester to determine whether and how they want to proceed with the request.

After the College receives a required deposit, it will make every effort to provide the requested documents within the time estimate provided.

FUNDRAISING

Generating private support for Muskegon Community College (MCC) is one of the major institutional priorities. Planning and coordination are essential to successful fundraising efforts and for avoiding duplication in approaching potential donors in the name of the College. All fundraising activities must support the mission and priorities of the College.

Statement

Responsibility for the coordination of all fundraising programs and solicitations of private support from individuals, foundations, businesses, corporations, and organizations rests with the Division of Advancement.

The intent of this policy is to maximize the effectiveness and efficiency of fundraising programs, ensure that prospective donors are contacted in a manner that is conducive to their interest for engagement and respectful of their time and resources, focus fundraising efforts on the College's strategic priorities, project a consistent message and voice to donors, maintain the College's ongoing compliance with its legal and statutory obligations, and to provide support for faculty and members of the College community to solicit external grants.

Relationship of the College to the Foundation

The Foundation for Muskegon Community College (FMCC) was created for the purpose of supporting the College, the development of fundraising programs, and the cultivation of donor support. It is a legally organized 501(c)(3) non-profit organization and is empowered to solicit and receive tax-exempt donations in cash, stocks and bonds, and other gifts. The President of MCC serves as an ex-officio non-voting member of the FMCC Board of Directors. The FMCC accepts all private contributions, except as outlined below, received through fundraising activities governed by this policy.

Fundraising Appeals

The College's fundraising policy limits the circumstances in which units of the College may make appeals for financial support. All fundraising appeals must be coordinated with the Division of Advancement. Only fundraising initiatives that seek external support from individuals, corporations, or businesses need prior approval from the Division of Advancement. Internal initiatives that are not seeking funds, such as drives for food or clothing from fellow students or employees do not need prior approval by the Division of Advancement.

It is the responsibility of the Division of Advancement, under the direction of the President, to serve as the planning, coordinating and approval agency for all fundraising appeals and solicitations made on behalf of the College. The review of all fundraising requests, whether from faculty, staff, or students, will be based on the following principles:

- The activity is of benefit to the campus community.
- The proposal is sufficiently related to broader college priorities.
- The proposal does not present conflicting requests to donors or entities slated for larger asks for broader college priorities.
- The precedent that might be established.

Fundraising by Faculty, Staff, or College Departments

Faculty and staff members with ideas for solicitation of funds or gifts-in-kind to benefit programs and activities at the College should review and coordinate such plans with the Division of Advancement before any action is taken.

Fundraising by Student Organizations and Athletic Teams

Students, when fundraising through student organizations/athletic teams, are required to adhere to the rules and regulations of institutional fundraising policies. Fundraising should be for the benefit of the collective student organization or team or an approved charitable cause. Monies raised should not be for the specific benefit of individuals (within or outside of the organization).

- All student fundraising activities, whether originating from a club or department-sponsored organization or a campus service area, that occur on campus and do not involve outside solicitation must be approved by the Office of Student Services prior to scheduling facilities, advertising, or contracting for services.
- Soliciting local businesses, national corporations, or individuals (alumni, friends of the College, etc.) by any student organization for donations (money, sponsorships, gifts, services, premiums, etc.) to support campus organizations must be approved by the Office of Student Services and the Division of Advancement before any contact is made.

Policy for Restricted Gifts

Acceptance of a gift imposes a legal obligation to comply with the terms established by the donor. Therefore, it is necessary that the nature and extent of this obligation be clearly understood. For this reason, the terms of each restricted gift will be reviewed with utmost care to ensure that the gift retains its original usefulness and beneficial qualities. If a gift is deemed unacceptable because of the restrictions the donor has placed on its use, the donor will be counseled to remove or modify the restrictions.

Gifts will be refused or returned under the following circumstances:

- The purpose of the gift is inappropriate or not conducive to the best interest of the College;
or
- The gift obligates the College to undertake responsibilities, financial or otherwise, which it may not be capable of meeting for the period required in terms of the gift.

Gifts-in-Kind

MCC accepts gifts-in-kind (equipment and other non-cash donations specifically for programs) intended by the donor to benefit the College. Gifts-in-kind shall be donated directly to the College so that compliance with state inventory rules and regulations can be ensured.

Such gifts are reviewed with special care to ensure that acceptance will not involve financial commitments in excess of budgeted funds or commit the College to other obligations disproportionate to the value of the gift. The College may elect not to accept a gift-in-kind for any of the following reasons:

- The equipment is obsolete; or
- The intended gift would involve a high level of projected costs of installation or maintenance that is disproportionate to the gift.

When gifts-in-kind are given to the College with intent for the donor to receive a tax deduction, it shall be the responsibility of the donor and a requirement of the IRS that the donor, not the College, obtain an independent appraisal of the gift for tax purposes. The College shall not become involved in the appraisal process.

Cash and Other Liquid Assets

Cash and liquid asset contributions shall be contributed to the FMCC. Deposits of college-related funds into private bank accounts in the name of a unit, faculty, or staff are prohibited. Restricted contributions for scholarships or other purposes must adhere to this same policy.

Other Contributions

Personal/real property/non-program related contributions, meant to enrich the College should be donated to the Foundation since they are intended to be immediately sold or put on display.

All donations of real estate must be approved in advance by the MCC Board of Trustees. If approved, the Board will determine at the time the best entity to accept the donation, MCC or FMCC.

Gift Acknowledgement and Receipt

Primary responsibility for maintaining complete and accurate records of gifts and donations, including gift acknowledgements, shall rest with the Division of Advancement. Records shall be made available in accordance with MCC confidentiality policies.

The [Fundraising Proposal Form](#) and [Grant Proposal Authorization](#) can be found on MyMCC on the Foundation page.

IDENTIFICATION BADGE

The Employee Identification Badge (ID Badge) is provided to all employees. Temporary and contract employees will be issued badges on an as needed basis. Employees are encouraged to wear their ID Badge at all times. The ID Badge identifies employees to our customers/stakeholders (i.e. students, board members, vendors, and visitors) indicating who is

an employee and who they might ask questions of or get directions from when looking for specific offices, classrooms and/or locations on campus. Additionally, the ID Badge lets security personnel and/or supervisors know who should or should not be in restricted areas of the College. To obtain an ID Badge, the employee should visit the Human Resources Office.

In the event an ID badge is damaged or no longer working, please take it to Human Resources for a replacement. Should a badge be misplaced, you will need to purchase a voucher for \$5.00 from Financial Services to obtain a replacement.

INCLEMENT WEATHER POLICY

It is the intent of Muskegon Community College (MCC) to maintain normal College operations on all regularly scheduled days. However, severe weather conditions may prevent this from happening on campus. Weather conditions forcing the closure of the MCC main campus, the Sturris Technology Center, the Ottawa Center, or any MCC Extension Centers may not affect all students and employees. Students in online classes, both synchronous and asynchronous, and students in classes at open sites must attend class, even though the other sites may be closed due to inclement weather.

In those instances when the College is open but individual travel may be dangerous, the following will apply:

- A student or employee required to be on-site will make their own determination concerning attendance, based on the conditions of their unique situation.
- Students scheduled for an on-site class but unable to travel due to inclement weather must communicate their absence to their instructors.
- Faculty are encouraged to be flexible in their classroom policies about make-up work for students unable to get to classes due to severe weather.
- Faculty scheduled for an on-site class but unable to travel due to inclement weather must contact the department chairperson per their department call-in process.
- Staff unable to report on-site due to inclement weather must contact their supervisor and are encouraged to have their laptops with them.

When severe weather is present or imminent, the College may consider the following options for on-site operations:

- Remain open.
- Delay opening and require only personnel providing essential services to report to work prior to a delayed opening.

- If already open, close the College and require only personnel providing essential services to report to work, while encouraging on-site students and employees to leave the College early if they feel it is safe to travel.
- Close the College before the start of on-site classes and require only personnel providing essential services to report to work prior to opening.
- Close the college.

MCC INCLEMENT WEATHER PROCEDURES

In making the decision to close, the College considers several factors, including a thorough assessment of current travel and weather conditions throughout the College's service areas because conditions can vary greatly from one location to another. Other factors considered in the decision include:

- overall road conditions, particularly main routes throughout the MCC region;
- the impact of severe wind gusts, fog, etc. on visibility and driving conditions;
- short-term forecasts/radar as an indicator of more immediate storm intensity and duration;
- the ability to plow and to maintain College parking lots;
- law enforcement official warnings that limit or restrict travel;
- closings by area businesses, colleges, and/or school systems. NOTE: There may be days when many or most K-12 school systems are closed, but MCC is open.

When weather conditions appear hazardous, the following actions will be taken:

- For daytime schedules, the College will make every effort to communicate a decision to delay opening or close entirely before 6:30 a.m.
- For evening schedules, the College will make every effort to communicate by 3:00 p.m. the decision to close the College. There is a possibility that MCC would cancel all day classes but hold evening classes.

Emergency Closing Notifications

- When the college closes the main campus or all on-sites locations, a message will be sent through Rave Emergency Alert to the email addresses and cell phone numbers of MCC faculty, staff, and students who have registered for the service. Information and a link to register are located at MyMCC (Rave Alert Card) or www.getrave.com. Once registered, you may opt out of RAVE SMS messages at any time by texting STOP to 226787.
- When off-campus sites are closed, and/or when the entire college is closed, information will also be posted on the MCC website at www.muskegoncc.edu, the MyMCC homepage and MCC's Facebook & Instagram accounts. Alerts will also be posted on the following television stations – Wood TV8, WZZM TV13, and Fox 17

DEFINITION OF TERMS

Severe Weather - Regionally, this typically means excessive snow and/or ice, which makes driving hazardous, but it could also refer to other hazardous conditions such as a tornado warning, severe thunderstorm forecasts, or dangerously low temperatures.

Delayed Opening – The College will open late. Personnel providing essential services and required to be on campus before the specified opening time will be asked to report to campus or may be called in to work. Staff should report to work 30 minutes before the designated opening time. Students should report to on-site classes at the designated opening time. If a student's class begins before the designated opening time, the on-site class will be canceled.

College Closed - Personnel providing essential services that day may be asked to report to campus or may be called in to work.

College Open - The decision to attend scheduled on-site classes is the responsibility of each individual student, faculty and staff member. Students must inform their instructors of a decision to miss their on-site class by phoning or sending an email. Staff or faculty unable to report on-site due to inclement weather must contact their supervisor or department chairperson

If an employee reports for jury duty and is dismissed, the employee is expected to report for work for the remainder of each day on which this occurs. If the employee is told that they do not need to report to the court, they are required to report to work.

Those employees covered by the bargaining contract (i.e. Custodian, ESS and Faculty) should follow the current contract language relative to jury duty.

Human Resources. Employees are responsible for required training and renewal fees. Failure to maintain licensing will jeopardize employment.

MILITARY POLICY

Any faculty or staff member that is inducted or enlists in any branch of the Armed Forces of the United States will be granted a leave without pay for the period of military service in accordance with applicable federal and state laws. Upon return from such leave, the faculty or staff member shall receive full credit on the salary schedule for the time served provided the employee has been released from active duty with honorable conditions, submits a written request for re-employment within ninety (90) days from the date of discharge, and is still qualified and competent to perform their required duties. It is the responsibility of the faculty or staff member to submit to the Chief Human Resources Officer or designee the official documents to support the above requirements. A reservist or a member of the National Guard is granted time off without pay for required military training.

Eligibility for reinstatement after military training is determined in accordance with applicable federal and state laws.

SECONDARY POSITIONS AT MCC

To support our quality initiatives, faculty/staff are expected to devote their work time to the position that is considered their primary role (typically full-time or part-time employment). The College may also consider secondary employment opportunities for employees, such as a full-time director who would like to adjunct teach, so long as the following criteria is met:

- Faculty/staff must be in good standing (meeting performance expectations and not under any disciplinary action), in order to be considered for secondary positions.
- Hiring manager/supervisor will be responsible to confirm good standing with the primary supervisor prior to the work assignment.
- Under no circumstances will multiple assignments for part-time and limited part-time staff result in a total workload of more than twenty-four (24) hours per week. It will be the

responsibility of the hiring manager to validate that the workload they are assigning would not violate this work hour maximum provision.

- Due to the additional expense of overtime compensation, hourly staff whose primary position is full-time may not be considered for additional jobs/assignments within the college.
- As per the student employment policy, student employees should never exceed 20 hours per week.
- Additional assignments must be outside of the normal work schedule and should not interfere or conflict with the employee's primary workday or its commitments. Any exceptions must benefit the College and be approved in advance by both supervisor and the Chief Human Resources Officer.

Muskegon Community College reserves the right to offer or decline a request for multiple jobs to any employee. Multiple positions may be declined in instances where employment will potentially result in regular or periodic overtime, the decline of work-life balance, and/or the additional expense to the College and its students.

NEPOTISM, PERSONAL RELATIONSHIPS AND EMPLOYMENT OF RELATIVES

Muskegon Community College wants to ensure that our practices do not create situations such as conflict of interest or favoritism. This extends to practices that involve employee hiring, promotion and transfer. Close relatives, partners, those in a dating relationship or members of the same household are not permitted to be in positions that have a reporting responsibility to each other. Close relatives are defined by blood or law such as husband, wife, domestic partner, parents, in-laws, grandfather, grandmother, son, son-in-law, daughter, daughter-in law, uncle, aunt, nephew, niece, brother, sister, brother-in-law, sister- in-law, step relatives, cousins and domestic partner relatives.

The College reserves the right to apply this policy to situations where there is a conflict or the potential for conflict because of the relationship between employees, even if there is no direct-reporting relationship or authority involved.

CONSENSUAL RELATIONS/FRATERNIZATION

Faculty and staff demonstrate respect for students, and one another as individuals and adhere to their proper roles as employees of the College. They respect the nature of the relationship between college employee and student as professional or colleague-to-colleague. They avoid any exploitation, harassment, or discriminatory treatment including dating, sexual or romantic relationships.

NON-DISCRIMINATION, SEXUAL HARASSMENT, AND SEXUAL MISCONDUCT (TITLE IX)

[Equal Opportunity, Harassment and Nondiscrimination, policy and procedure](#)

Classroom Speech and Content

MCC's sexual harassment policies do not prohibit instructors from bringing relevant sexual content into their courses. It is understood that the academic setting is distinct from the typical workplace in that latitude is required in determining the appropriate content of academic material. However, speech that is not necessary to teach the material, or is objectively offensive and severe or pervasive is prohibited by College Policy and may lead to discipline.

FACILITY PARTNERSHIP POLICY

Purpose

MCC facilities are intended to serve the Muskegon community. When space is not needed for academic or operational purposes, MCC may rent space for use by third parties. Renting utilizes numerous College resources, including labor for set-up, teardown and custodial services; audiovisual and other equipment; administrative resources; and maintenance and depreciation costs. Therefore, MCC charges a facilities rental fee for third party use of College facilities.

Under certain circumstances, a facilities rental opportunity will benefit MCC in ways that justify the reduction or waiver of its rental fees. For example, uses that directly benefit MCC students, faculty and staff.

This policy sets forth the minimum requirements for renting MCC facilities to third parties for events, and the circumstances under which MCC may partner with a third party, resulting in a waiver of all or a portion of the usual rental fees. This policy is intended to assure that use of the facilities by third parties for events is consistent with the College's priorities and reflects an acceptable return on the College's investment of resources required to support the third-party event.

PARTNERSHIP EVENTS

MCC may agree to partner with third parties that meet the below criteria. If the partnership is approved, the rental, equipment, and audiovisual fees for the partnership event will be waived. However, the MCC Department may not incur the service charges for catering.

If the partnership does not meet the criteria listed below, the following discounts will be applied. The room rental fees will be discounted by forty percent (40%) of the published rate for the facility. The equipment and audiovisual fees will be discounted by twenty-five percent (25%) of the published rate. The MCC Department Budget Code will be charged (if budget code is not presented at the time of booking, the default budget code will be charged).

Among other things, MCC may require the third party to provide a Certificate of Insurance listing Muskegon Community College as a certificate holder and additional insured.

PERFORMANCE IMPROVEMENT PLANS

If the quality of an employee's work is deemed unsatisfactory, the employee may receive a written Performance Improvement Plan, from the supervisor. The improvement plan should describe the actions the employee must take to improve, with timelines for achievement of the actions and for regular meetings between the employee and supervisor throughout the duration of the plan. It will also describe the steps the immediate supervisor may take to assist the employee in improving.

At the conclusion of the improvement plan, unless employment is terminated during the improvement plan period because the employee failed to adhere to the plan, other performance issues occurred during the process, or the employee violated other rules and/or policies of the College, the immediate supervisor will provide the employee with a written summary of the employee's progress under the plan. The written summary may include a statement in which one of the following conclusions is provided:

- The employee has successfully completed the plan of improvement, and their performance is considered satisfactory.
- The employee has made progress under the plan and will be retained subject to a new or continued plan of improvement.
- The employee has not successfully completed or complied with the plan of improvement and is recommended for termination.

Nothing in this section alters the employment relationship. The College reserves the right to terminate the employee at any time without regard to the timelines provided in the improvement plan.

Photocopies of the file, or portions of the file, may be requested by the employee. The Human Resources Office may require up to 2 weeks when providing photocopies. Former employees will be required to pay for the copies at the current copy center rates.

PREFERRED NAME

MCC recognizes that many members of our community use names other than their legal names to identify themselves. As long as the use of a different name is not for the purposes of misrepresentation or deemed inappropriate, the College agrees a student or employee may choose to identify themselves within the College's information systems with a preferred first name in addition to their legal name. This preferred first name may be used in appropriate College processes and communications except where the use of a legal name is required for College business or legal need.

PURCHASING

Authorized persons in a department may submit a purchasing requisition using Colleague or Self Service to order items from any established or new vendor including online websites.

Authorization and a budget code are required. After approval from the immediate supervisor, the Purchasing Department will order the items and turn the requisition into a purchase order. The order will be received and delivered to the correct department by the Shipping/Receiving department. Directions for resolving problems with an order or for returning items can be forwarded to the Purchasing Department at ext. 7669.

Authorized persons in each department may also order office supplies from the MCC-authorized vendor. A budget code and authorization are required. Office supplies will be delivered to the department when they arrive. If there are questions or a need to return items, please call the Shipping/Receiving Department at ext. 7465 or 7429.

MCC Stores is maintained by the shipping/receiving area. They carry some office supplies along with MCC promotional items. These items may be ordered by creating a purchasing requisition using our internal system. A budget code and authorization are required. Please call ext. 7465 or 7429 with questions.

If the items or services to be purchased are \$10,000 - \$49,000, three quotes are required to be given to the Purchasing Department before ordering.

If the items or services needed will be over \$49,000, the requestor must obtain permission from the Chief Financial Officer and then from the Board of Trustees to issue an RFP (request for proposal). The Purchasing and Financial Services Manager will then assist with soliciting formal quotations (sealed bids) from the vendors.

New technology must be compatible with existing systems, supportable, cost effective, and compliant with information security standards and practices. All technology purchases must be submitted through the Office of Information Technology.

RE-EMPLOYMENT

If an employee was in good standing and voluntarily ended employment or retired with the college, they are eligible to be considered for future reemployment at MCC. There must be a minimum six-month break between end date and rehire date. In order to be considered for re-employment, candidates must reapply and, if rehired, serve the usual probationary period, in accordance with College policies and contracts. In the event of rehire, the benefit and service status would start over. Contact the Human Resources Office with any questions relative to being considered for rehire. In unusual circumstances, the Human Resources Office and area Cabinet Member may reduce the required six-month break in service.

REDUCTION IN STAFF

College leadership would determine which positions are to be eliminated without discrimination on any basis when circumstances necessitate a reduction in the workforce. As in all terms and conditions of employment with MCC, these decisions will be made according to each individual's qualifications, skills, training and capabilities for the existing work to be performed, the needs of the College, and regardless of seniority.

The leadership staff reserves the right to make employment decisions based on their judgment of which employee is best qualified to perform the job duties, who possesses special knowledge and/or skills, and whose capabilities will best serve the needs of the College.

Alternative cost reduction measures may be taken before resorting to staff reduction. Some alternatives might include but are not limited to the following: expense or pay reductions, early retirement program, reduced hours, and reassignment.

After separation of employment with the institution, a former employee may reapply to any new job openings, however, there will be no guarantee that the individual will be rehired. In the event the former employee is rehired, the benefit and service status would start over.

RETIREMENT PLANS

If an employee becomes aware of a person that appears to be troubled or irrational, or observes anyone behaving in a threatening, suspicious, abusive or violent way on MCC premises, the employee must report their observations to campus Security immediately at 231-777-0545. MINORS ON CAMPUS (UNACCOMPANIED MINORS OR DEPENDENT ADULTS)

Muskegon Community College has an obligation to its students, staff, and visitors to conduct its operations and maintain its facilities in a manner consistent with our mission. The college recognizes that some college-sponsored programs and programs held on campus may involve minors (under the age of 18). This policy provides for the appropriate supervision of minors who are involved in college-sponsored programs and programs held at the college. This policy does not apply to general public events where parents/guardians are invited and expected to provide supervision of their minor. Any Muskegon Community College employee who suspects a minor has been the victim of abuse, shall immediately report the suspected abuse in accordance with Michigan state law.

In order to ensure that the appropriate supervision of minors (or dependent adults), at any Muskegon Community College location or event, it is necessary to establish certain requirements governing the presence of minors on the college's campus.

These requirements are as follows:

- A. All minors not registered in courses for college credit who are otherwise participating in a college-sponsored program or a program taking place on college property must be supervised by an authorized adult(s) at all times. These supervised minors are permitted in the general use facilities but may be restricted from certain areas of the facilities or from utilizing certain equipment.
- B. Minors are permitted at events and venues open to the public. However, the college reserves the right to determine, in its sole discretion, whether selected events or venues are appropriate for minors.

CHILDREN IN THE WORKPLACE AND CLASSROOM

Supervised children accompanied by responsible adults may be invited to participate in public activities organized and sponsored by the College. Except for specially planned public activities and supervised youth activities, no minors are permitted in any area or activity posing special risks to minors. No children, whether supervised or unsupervised, are permitted on construction sites, in maintenance facilities, or other areas where their presence constitutes a danger to themselves or others.

Students should make childcare arrangements for periods when they will be on campus. In an occasional emergency situation, and only with permission of the instructor, a student may bring a child to class provided that the situation does not interfere with other students' educational experience. If the instructor does not grant permission for the child to be present, the student must remove the child from College premises.

Employees may occasionally bring children to work for short periods of time that do not interfere with the employee or their colleagues devoting their full attention to College business. The employee retains full responsibility for supervising the child at all times. Events such as "Bring Your Child to Work Day" or other activities especially designed to be suitable for children in the workplace may excuse personal supervision for the event.

The College is not responsible for any unaccompanied minors who are not participating in a structured program or activity. If a minor on College premises appears to be unaccompanied and in need of supervision (for example should an emergency arise), staff will contact Campus Security. Security staff will temporarily supervise the minor and may, in their discretion, contact law enforcement or child protection authorities.

- The College is not responsible for injuries to children who are on College premises in violation of these procedural guidelines.

- Students and employees who violate these procedures may be subject to disciplinary action and other appropriate sanctions by the College in accordance with normal processes.

MCC will work to ensure that expressive activities transpire without interference by the College, provided the learning environment is not substantially and materially disrupted and campus safety is not compromised by the expressive activities. If persons react negatively to expressive activities occurring on campus, the College will take necessary steps to ensure campus safety while allowing the expressive activity to continue, unless the College's operations are materially and substantially disrupted.

For purposes of this policy, the term "outdoor common" refers to such areas as:

- Lawns, sidewalks, benches and other outdoor areas that are not otherwise reserved for use;

For purposes of this policy, the peaceful distribution of informational materials in the outdoor common areas does not, without more, represent a substantial or material disruption to the learning environment at the College.
