## RN-BSN Concurrent Enrollment

Muskegon Community College (MCC) Associate of Applied Science Nursing (AAS) & Grand Valley State University (GVSU) Kirkhof College of Nursing (KCON) RN-BSN

***\*Strongly Recommend Michigan Transfer Agreement (MTA)***

Checklist:	
✓	Number of GVSU credits (30 minimum)
✓	Number of total credits (120 minimum)
✓	General Education credits completed

### *Special Notes:*

- Submit a Concurrent Enrollment Form each semester if enrolling at a Community College
- Submit FAFSA annually starting October
- Fall and Winter Registration opens mid-March
- The 100% tuition refund date typically occurs within the first week of each semester. If you make changes to your schedule, contact your Academic Advisor
- Payment deadline is typically 2 weeks prior to semester beginning – Payment plans are available
- Graduation requires a 2.0 cumulative GPA or higher
- Individual curriculum guide plan subject to change with advisor consultation

### **Concurrent Enrollment Student Details for MCC and KCON**

#### **GVSU Program Contact Information**

KCON Office of Student Services

616-331-7160

[kcon@gvsu.edu](mailto:kcon@gvsu.edu)

#### **Advising Details**

Potential GVSU KCON RN to BSN applicants considering the concurrent enrollment pathway should contact the KCON Office of Student Services upon acceptance into MCC's Associate Degree of Applied Science Nursing (AAS) program.

#### **General Admission Criteria**

Students apply online as a degree-seeking RN-BSN student using the GVSU Office of Admissions Undergraduate application. To determine when to apply, individual students should first meet with a KCON Office of Student Services Advisor. Admission to the program requires a minimum grade of "C (2.0)" in each pre-requisite course and a minimum GPA of 3.0 overall. Academic performance for the last 15 credits may be considered. Please contact the KCON assigned advisor with questions regarding how GPA is calculated.

MCC AAS students admitted to the KCON RN-BSN program will enroll in sessions at GVSU while simultaneously completing the MCC AAS program. Students will be required to register and pay tuition and fees at each respective institution when concurrently enrolled.

Students will be eligible to continue enrollment in the KCON RN-BSN program upon graduation from the AAS program at MCC and the successful completion of all other KCON RN-BSN program prerequisites including, but not limited to, a cumulative grade point average of 2.5 or higher at graduation from the AAS program, a grade of 2.5 or higher in each AAS required nursing course, and completion of all other prerequisite course work.

Students will receive up to 32 GVSU credits for RN licensure.

# RN-BSN Concurrent Enrollment

Muskegon Community College (MCC) Associate of Applied Science Nursing (AAS) & Grand Valley State University (GVSU) Kirkhof College of Nursing (KCON) RN-BSN

***\*Strongly Recommend Michigan Transfer Agreement (MTA)***

Prior to beginning the NUR 412 course:

- Students must complete comprehensive health compliance requirements including, but not limited to, a criminal background check, fingerprinting, and drug screening. Clinical sites can refuse to accept students who have not successfully completed all GVSU health requirements. It is the responsibility of the student to establish and maintain all compliance requirements. Please note: If there is illegal activity in the background check/fingerprinting or if there is evidence of one or more prohibited substance(s) in the drug test, the clinical sites have the right to refuse a student's placement which may negatively impact a student's ability to progress in the BSN program and subsequently graduate.
- Students must be licensed as a Registered Nurse (RN) in their state of residency before beginning the senior nursing sequence. The student's RN licensure must remain unencumbered while enrolled in the RN-BSN program.

## **Michigan Transfer Agreement**

Michigan Transfer Agreement (MTA) satisfies Grand Valley's General Education Foundations, Writing 150, and one Supplemental Writing Skills course. Students transferring with a MTA are still required to complete one SWS course in the major or division as part of GVSU requirements. In the KCON RN to BSN program, NUR 411 is designated as an SWS course. In addition, students must fulfill the two-course Cultural Emphasis requirement, and two Issues courses within the General Education Program. Students should complete a MTA audit at the community college in order to get the MTA STAMP on the official transcript. Students are responsible for ordering/obtaining official transcripts after completing their courses at the community college.

## **GVSU KCON RN to BSN Program Delivery**

Course dependent: Online with option for synchronous meeting times and/or online/hybrid delivery

## **Required Experiences:**

NUR 456 requires a practical learning experience through a clinical practicum. GVSU KCON coordinates this experience within the student's geographic area of residence. For more information, contact the KCON Office of Student Services.

## **Program Cost**

GVSU tuition costs are available on the GVSU Financial Aid Office website at [www.gvsu.edu/financialaid/](http://www.gvsu.edu/financialaid/). Additional tuition charges per credit hour for 200 level and above NUR courses for undergraduate students apply. Books, uniforms, transportation, etc. are not included in tuition.

## **Financial Aid**

Details on scholarships for nursing majors (admitted into the KCON nursing program) are available on the GVSU Financial Aid Website at [www.gvsu.edu/financialaid/](http://www.gvsu.edu/financialaid/). Please contact the GVSU Financial Aid Office for assistance completing required financial aid documents.
