Within 5 business days after receiving a FOIA request Muskegon Community College will issue a response. If a request is received by fax or email, the request is deemed to have been received on the following business day. Muskegon Community College will respond to your request in one of the following ways:

- Grant the request,
- Issue a written notice denying the request,
- Grant the request in part and issue a written notice denying in part the request,
- Issue a notice indicating that due to the nature of the request Muskegon Community College needs an additional 10 business days to respond, or
- Issue a written notice indicating that the public record requested is available at no charge on Muskegon Community College’s website.
- If the request is granted, or granted in part, Muskegon Community College will ask that payment be made for the allowable fees associated with responding to the request before the public record is made available.
- If the cost of processing the request is expected to exceed \$50.00, or if you have not paid for a previously granted request, Muskegon Community College will require a deposit before processing the request.

### 3. What are Muskegon Community College's deposit requirements?

- If Muskegon Community College has made a good faith calculation that the total fee for processing the request will exceed \$50.00, Muskegon Community College will require that you provide a deposit in the amount of 50% of the total estimated fee. When Muskegon Community College requests the deposit, it will provide you a non-binding best efforts estimate of how long it will take to process the request after you have paid your deposit.
- If Muskegon Community College receives a request from a person who has not paid Muskegon Community College for copies of public records made in fulfillment of a previously granted written request, Muskegon Community College will require a deposit of 100% of the estimated processing fee before it begins to search for the public record for any subsequent written request when all of the following conditions exist:
  - The final fee for the prior written request is not more than 105% of the estimated fee;
  - The public records made available contained the information sought in the prior written request and remain in Muskegon Community College's possession;
  - The public records were made available to the individual, subject to payment, within the best effort time frame estimated by Muskegon Community College to provide records;
  - Ninety (90) days have passed since Muskegon Community College notified the individual in writing that the public records were available for pickup or mailing;
  - The individual is unable to show proof of prior payment to Muskegon Community College; and
  - Muskegon Community College has calculated an estimated detailed itemization that is the basis for the current written request's increased fee deposit.

Muskegon Community College will not require the 100% estimated fee deposit in any of the following apply:

- The person making the request is able to show proof of prior payment in full to Muskegon Community College;
- Muskegon Community College is subsequently paid in full for all applicable prior written requests; or
- Three hundred sixty-five (365) days have passed since the person made the request for which full payment was not remitted to Muskegon Community College.

#### **4. How does Muskegon Community College calculate FOIA processing fee?**

The Michigan FOIA statute permits Muskegon Community College to charge for the following costs associated with processing a request:

- Labor costs associated with copying or duplication, which includes making paper copies, making digital copies, or transferring digital public records to non-paper physical media or through the Internet.
- Labor costs associated with searching for, locating and examining a requested public record, when failure to charge a fee will result in unreasonably high costs to Muskegon Community College.
- Labor costs associated with a review of a record to separate and delete information exempt from disclosure, when failure to charge a fee will result in unreasonably high costs to Muskegon Community College.
- The cost of copying and duplication, not including labor, or paper copies of public records. This may include the cost of copies of records already on Muskegon Community College's website if you ask for Muskegon Community College to make copies.
- The cost of computer discs, computer tapes or other digital or similar media when the requestor asks for records in non-paper physical media. This may include the cost for copies or records already on Muskegon Community College's website if you ask Muskegon Community College to make copies.
- The cost to mail or send a public record to a requestor.

##### **Labor Costs**

- All labor costs will be estimated and charged in 15-minute increments, with all partial time increments rounded down. If the time involved is less than 15 minutes, there will be no charge.
- Labor costs will be charged at the hourly wage of the lowest paid College employee capable of doing the work in the specific fee category, regardless of who actually performs work.
- Labor costs will also include a charge to cover or partially cover the cost of fringe benefits. College may add up to 50% to the applicable labor charge amount to cover or partially cover the cost of fringe benefits, but in no case may it exceed the actual cost of fringe benefits.
- Overtime wages will not be included in labor costs unless agreed to by the requestor, overtime costs will not be used to calculate the fringe benefit cost.
- Contracted labor costs will be charged at the hourly rate of (6 times the current state minimum hourly wage effective January 2026 of \$13.73/hour or \$82.38 ).

A labor cost will not be charged for the search, examination, review and the deletion and separation of exempt from nonexempt information unless failure to charge a fee would result in unreasonably high costs to Muskegon Community College. Costs are unreasonably high when they are excessive and beyond the normal or usual amount for those services compared to Muskegon Community College's usual FOIA requests, because of the nature of the request in the particular instance, Muskegon Community College must specifically identify the nature of the unreasonably high costs in writing.

### **Copying and Duplication**

### **Non-paper Copies on Physical Media**

- The cost for records provided on non-paper physical media, such as computer discs, computer tapes or other digital or similar media will be at the actual and most reasonably economical cost for the non-paper media.
- The cost will be charged only if Muskegon Community College has the technological capability necessary to provide the public record in the requested non-paper physical media format.

### **Paper Copies**

- Paper copies of public records made on standard letter (8 ½ x 11) or legal (8 ½ X 14) sized paper will not exceed \$.10 per sheet of paper.

The cost of the search for and copying of a public record may be waived or reduced if the sole judgment of the FOIA Coordinator a waiver or reduced fee is in the public interest because it can be considered as primarily benefitting the general public. Muskegon Community College President may identify specific records or types of records it deems should be made available for no charge or at a reduced cost.

## **5. How do I qualify for an indigence discount on the fee?**

reasons you are seeking a reversal of the denial. You may use Muskegon Community College FOIA Appeal Form (To Appeal a Denial of Records), which is available on Muskegon Community College's website: [www.muskegoncc.edu/foia](http://www.muskegoncc.edu/foia).

You may use Muskegon Community College's FOIA Appeal Form (To Appeal an Excess Fee), which is available at Muskegon Community College President's Office and on Muskegon Community College's website: [www.muskegoncc.edu/foia](http://www.muskegoncc.edu/foia).

Within 10 business days after receiving the appeal, Muskegon Community College's President will respond in writing by:

- Waiving the fee;
- Reducing the fee and issue a written determination indicating the specific basis that supports the remaining fee;
- Upholding the fee and issue a written determination indicating the specific basis that supports the required fee; or
- Issuing a notice detailing the reason or reasons for extending for not more than 10 business days the period during which Muskegon Community College President will respond to the written appeal.

Within 45 days after receiving notice of Muskegon Community College's President's determination of

the processing fee appeal, you may commence a civil action in Muskegon County Circuit Court for a fee reduction.
