DisclosedRx Savings Program

Welcome to DisclosedRx! Your employer chose us to help you pay less for expensive specialty and brand-name prescription drugs. You may know firsthand how expensive it can be to pay for the prescriptions you need to stay healthy. The good news is that your employer has teamed up with us to reduce your medication costs through the DisclosedRx Savings Program, which you may be eligible to join.

Through three savings options, we match you with the best program for your situation – with compassion, integrity, and zero compromise on care.
