1.) In Attachment D past sales history is provided. Please advise if any of the Digital textbooks sales listed in these reports are representative of an Inclusive Access program on campus or are these direct purchases by the students whether in-store or online? As well can you please define what the "other" category listed in the reports represents.

Yes digital textbooks sales are representative of an inclusive access program. While we don't have the details of what is included in the "Other" category on the commission statement, given the bulk of the sales occur in March and April each year we assume it is primarily sales related to graduation regalia.

2.) Within the RFP, the College requests responders to provide thoughts regarding Store Design. It appears that a pdf is provided, however is this available in autoCAD? Also can you please share when was the last time the store was renovated.

There is not an autoCAD layout of the current bookstore available. The last time the store was renovated was in 2015.

3.) Please define who owns the current fixtures within the store?

The current provider owns the fixtures.

4.) Are there any unamortized dollars due to your current contractor should you change providers and if so would you look too the new provider to make payment on such cost?

There are no unamortized dollars with the current provider.

5.) Please provide your current course materials pricing policy in place for operation of the Campus Store. (margins on new text, used text, etc…)

New textbooks are sold at no greater than i) the publisher's list price or ii) a 25% gross margin on net priced books, inclusive of restocking fees, return penalties and freight surcharges.

Used textbooks are sold at 25% less than the new selling price.

Course packs textbooks purchased from publishers with restrictive or non-restrictive text policies are priced up to a 30% gross margin.

School supplies are priced at or below manufacturer's suggested retail price.

6.) Is the Campus Bookstore integrated with the University for the use of financial aid funds? If so, what is the amount of sales attributable to the use of financial aid at the Campus Bookstore?

Yes, data is transmitted from the bookstore to financial aid through FA Link. Approximately 37% of gross sales are attributable to use of financial aid.

7.) Please provide the current SIS and LMS used by the College.

Ellucian Colleague SaaS and Blackboard Ultra respectively.

8.) The College has expressed interest in a Total Access program whereby all students would pay one price for their course materials. To provide a Total Access price requires additional information that matches the courses and section listed in the RFP with their respective course materials and ISBN information. This level of data will enable us to understand how many course materials are required.

See additional information provided.

9.) Are there any unamortized dollars that would be due to the current contractor by Muskegon CC, should you end your current partnership? If so, how much, and would Muskegon CC expect the new contractor to pay this amount?

No

10.) What percentage of overall sales in the current MCC Bookstore came from financial aid?

See question number 6

11.) Are there any sales reflected in the historical sales numbers that were a result of a one-time grant or other funding that will not occur in the future?

No.

12.) What percentage of the Muskegon CC courses utilize free OER content?

Approximately 3.6% of courses in Fall 2025 were OER content and 4.1% of Winter 2026 courses.

13.) Does Muskegon CC have any direct agreements in place with publishers or other third-party course material providers?

Not currently, but our Nursing Department are in talks with a publisher to provide course materials.

14.) What is the current process for Muskegon CC students to utilize their financial aid funds through the current MCC Bookstore?

Projected award overpayments or award amounts earmarked for textbooks are calculated in FA Link system through a Colleague integration. The bookstore POS system interfaces with FA Link to authorize purchases. Certain 3rd party sponsor purchases are processed through the bookstore's internal AR system. Use of FA awards for purchases is limited to approximately 2 weeks prior to and 2 weeks after the start of each semester.

15.) Which term would the new bookstore partner begin serving the Muskegon CC campus population?

The new agreement would take effect Fall 2026 for classes starting August 24th.

16.) Does Muskegon CC utilize a Campus Card that can be used to purchase materials in the bookstore? If so, what company is used to manage it?

No.

17.) Is Muskegon CC open to self-operating a spirit store (apparel, merchandise, sundry items, etc.) with an Online Bookstore vendor providing all student-purchased materials shipped directly to the campus bookstore for student pickup?

We would prefer not to operate our own spirit store but we don't want that to discourage someone from submitting a proposal without seeing what they have to offer.

18.) Would Muskegon CC be open to paying a management fee to the vendor to help subsidize the on-campus retail store operation costs?

No

19.) Does Muskegon CC own the current bookstore fixtures?

No

20.) What is Muskegon CC's Student Information System?

See number 7.

21.) Does Muskegon CC have any Inclusive Access course material adoptions? If so, how many courses have inclusive access adoptions? *An Inclusive Access program is a course-by-course model in which individual faculty choose whether their course participates. For participating courses, required materials are provided to students at a negotiated rate, in a digital format unless students choose to opt out. Courses that do not participate in the Inclusive Access program are not affected, and students enrolled in those courses obtain their required materials through their own preferred purchasing method.*

We currently have approximately 90 inclusive access course adoptions.

22.) Would Muskegon CC be interested in implementing an Equitable Access solution, an in-tuition solution where all course materials are automatically delivered to all students with the costs included as part of the cost of attendance? *An Equitable Access program is a campus-wide model in which all enrolled students automatically receive the required course materials for all participating courses on or before the first day of class. Materials are provided as part of a single, flat rate, often assessed on a per credit hour basis. Students retain the ability to opt out by a published deadline. Unless students opt out, all students automatically receive all required course materials, ensuring consistent access across the institution.*

Yes we are interested in evaluating that option by requesting Pricing Model 2 under section 6.0.

23.) Please provide the complete Course Material Adoption Lists from the two most recent main terms (Fall & Spring), including Course Information & Actual Enrollment Numbers by Course.

Fall 2025 and Winter 2026 adoption lists are included in a separate attachment.

24.) Please provide the Total Credit Hours that students took for the two main terms that were provided for Question #15. This allows us to divide the total costs of course materials by the total credit hours offered to set an accurate flat fee per credit hour.

Information is included in the separate Enrollment Data attachment.

25.) Please provide any miscellaneous information that we should know that will help us accurately establish pricing for a Per-Credit-Hour Fee program.

Additional information has been provided in these responses.

26.) Please clarify what the third paragraph under 'Exclusions and Exceptions' (page 5-6) is requesting in regards to digital course materials and IA programs through a third party.

The third paragraph under Exclusions and Exceptions on page 5-6 provides an example of a when this may occur. This is done in an effort to help find the most cost-effective option for students.

The information as provided in this file is confidential work product of Barnes & Noble College LLC, and is provided as is for the express purpose of evaluating the textbook adoptions received by the Barnes & Noble College LLC bookstore at Muskegon Community College
